

**1,1,1,2,3-Pentafluoropropane** Safety Data Sheet 1100324 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 02/03/2016 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Substance name	: 1,1,1,2,3-Pentafluoropropane
CAS No	: 431-31-2
Product code	: 1100-3-24
Formula	: C3H3F5
Other means of identification	: MFCD00236624
1.2. Relevant identified uses of the s	substance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development
1.3. Details of the supplier of the safe	ety data sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of Americ T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs	
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identification	on
2.1. Classification of the substance of	
Classification (GHS-US)	
<ul> <li>STOT SE 3 H335 - May cause respirate</li> <li>Full text of H-phrases: see section 16</li> <li>2.2. Label elements</li> </ul>	
GHS-US labeling	
Hazard pictograms (GHS-US)	
	GHS04 GHS07
Signal word (GHS-US)	GHS04 GHS07 : Warning
Signal word (GHS-US) Hazard statements (GHS-US)	
• • • •	<ul> <li>Warning</li> <li>H280 - Contains gas under pressure; may explode if heated H315 - Causes skin irritation H319 - Causes serious eye irritation</li> </ul>

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

P410+P403 - Protect from sunlight. Store in a well-ventilated place P501 - Dispose of contents/container to an approved waste disposal plant

1.1.2.3-Pertalluoropropane       (CAS No) 431-31-2       <= 100       1         Wein constituent)       (CAS No) 431-31-2       <= 100       1         Full text of H-phrases: see section 16       3.2.       Mixture         Not applicable       SECTION 4: First aid measures          First-aid measures general       : In case of accident or if you feel unwell, seek medical advice/inter where possible). Move the affected personnel away from the cor         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. respiration. Get medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Get medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an ur mouth out with water. Get medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described 2.2.3 anyto in section 11.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dixide. Dry powder. Water spray containers.         5.1.       Extinguishing media       : Alcohol resistant foam. Carbon dixide. Dry powder. Water spray containe

Firefighting instructions       : In case of fire: Evacuate area. Fight fire remotely due to the risk         Protection during firefighting       : Wear gas tight chemically protective clothing in combination with apparatus. For further information refer to section 8: "Exposure of SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures	or fog for cooling exposed
Protection during firefighting       : Wear gas tight chemically protective clothing in combination with apparatus. For further information refer to section 8: "Exposure of SECTION 6: Accidental release measures         6.1.       Personal precautions, protective equipment and emergency procedures	
apparatus. For further information refer to section 8: "Exposure of SECTION 6: Accidental release measures 6.1. Personal precautions, protective equipment and emergency procedures	of explosion.
6.1. Personal precautions, protective equipment and emergency procedures	
O second se	
General measures : Evacuate unnecessary personnel. Ensure adequate air ventilation reducing oxygen available for breathing. Do not breathe gas, fun	
6.1.1. For non-emergency personnel	
Emergency procedures : Only qualified personnel equipped with suitable protective equip	ment may intervene.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.1.2. For emergency responders	
Protective equipment	: Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".
Emergency procedures	: Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.
6.2. Environmental precautions	
Avoid release to the environment. Notify aut	horities if product enters sewers or public waters.
6.3. Methods and material for conta	inment and cleaning up
For containment	: Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.
Methods for cleaning up	: Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storag	e
7.1. Precautions for safe handling	
Additional hazards when processed	: Pressurized container: Do not pierce or burn, even after use. Close valve after each use and when empty.
Precautions for safe handling	Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.
Safe handling of the gas receptacle	: Securely chain cylinders when in use and protect against physical damage.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, inc	luding any incompatibilities
Technical measures	: Comply with applicable regulations.
Storage conditions	: Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use.
	· Defer to Section 10 on Incompatible Materials
Incompatible materials	: Refer to Section 10 on Incompatible Materials.

SECTION 8: Expos	sure controls/persona	protection
------------------	-----------------------	------------

#### 8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	<ul> <li>Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Systems under pressure should be regularily checked for leakage. Oxygen detectors should be used when asphyxiating gases may be released.</li> </ul>
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

# **SECTION 9: Physical and chemical properties**

9.1.	Information on basic physic	al and chemical properties
Physical	state	: Liquid
Color		: No data available
Odor		: No data available
Odor thr	eshold	: No data available
рН		: No data available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

5 5 ,	<b>3</b>
Melting point	: No data available
Freezing point	: No data available
Boiling point	: 23 °C
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: 760 mm Hg (@ 23 °C)
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Specific gravity / density	: 1.267 g/ml (@ 25 °C)
Molecular mass	: 134.05 g/mol
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

#### 9.2. Other information

No additional information available

SECTION 10: Stability a	and reactivity
-------------------------	----------------

#### 10.1. Reactivity

No additional information available

### 10.2. Chemical stability

The product is stable at normal handling and storage conditions.

## 10.3. Possibility of hazardous reactions

No additional information available

### 10.4. Conditions to avoid

Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep away from heat, sparks and flame.

#### 10.5. Incompatible materials

Alkali metals. Finely divided metals (Al, Mg, Zn). Strong acids. Strong bases. Strong oxidizing agents.

#### **10.6.** Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5.

SECTION 11: Toxicological information		
11.1. Information on toxicological effects	S	
Acute toxicity	: Not classified	
Skin corrosion/irritation	: Causes skin irritation.	

Serious eye damage/irritation Respiratory or skin sensitization Germ cell mutagenicity Carcinogenicity	<ul> <li>Causes serious eye irritation.</li> <li>Not classified</li> <li>Not classified</li> <li>Not classified</li> <li>Not classified</li> </ul>
Reproductive toxicity Specific target organ toxicity (single exposure) Specific target organ toxicity (repeated exposure)	<ul><li>Not classified</li><li>May cause respiratory irritation.</li><li>Not classified</li></ul>

SECTION 15: Regulatory information	
15.1. US Federal regulations	
1,1,1,2,3-Pentafluoropropane (431-31-2)	
Listed on the United States TSCA (Toxic Substance	es Control Act) inventory
EPA TSCA Regulatory Flag	<ul> <li>E - E - indicates a substance that is the subject of a Section 5(e) Consent</li> <li>Order under TSCA.</li> <li>P - P - indicates a commenced PMN substance.</li> </ul>

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

# 15.2. International regulations

CAN	ADA
1,1	,1,2,3-Pentafluoropropane (431-31-2)

Listed on the Canadian NDSL (Non-Domestic Substances List)

EU-Regulations No additional information available

Safety Data Sheet

#### **National regulations**

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

## **SECTION 16: Other information**

Ful	Ľ	tex	t of	Н	I-p	hra	ise	es:	

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Liquefied gas	Gases under pressure Liquefied gas
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H280	Contains gas under pressure; may explode if heated
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

NFPA health hazard	: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.			
NFPA fire hazard	: 0 - Materials that will not burn.			
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.			
HMIS III Rating				
Health	: 2 Moderate Hazard - Temporary or minor injury may occur			
Flammability	: 0 Minimal Hazard - Materials that will not burn			
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT
