Hazard statements (GHS US)

 Warning
 H280 - Contains gas under pressure; may explode if heated H315 - Causes skin irritation

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

|                                   | H335 - May cause respiratory irritation  |
|-----------------------------------|--|
|                                   | H420 - Harms public health and the environment by destroying ozone in the upper atmosphere |
| Precautionary statements (GHS US) | : P261 - Avoid breathing fumes, gas, mist, spray, vapors.                                  |
|                                   | P264 - Wash skin thoroughly after handling   |
|                                   | P271 - Use only outdoors or in a well-ventilated area.                                     |
|                                   | P280 - Wear protective gloves/protective clothing/eye protection/face protection.          |
|                                   | P302+P352 - If on skin: Wash with plenty of soap and water                                 |
|                                   | P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing.     |
|                                   | P305+P351+P338 - IF IN EYES: Rinse cautiously with water for several minutes. Remove       |
|                                   | contact lenses, if present and easy to do. Continue rinsing.                               |
|                                   | P312 - Call a POISON CENTER or doctor/physician if you feel unwell                         |
|                                   | P321 - Specific treatment (see supplemental first aid instructions on this label)          |
|                                   | P332+P313 - If skin irritation occurs: Get medical advice/attention.                       |
|                                   | P337+P313 - If eye irritation persists: Get medical advice/attention.                      |
|                                   | P362+P364 - Take off contaminated clothing and wash it before reuse.                       |
|                                   | P403+P233 - Store in a well-ventilated place. Keep container tightly closed.               |
|                                   | P405 - Store locked up.  |
|                                   | P410+P403 - Protect from sunlight. Store in a well-ventilated place.                       |
|                                   | P501 - Dispose of contents/container to an approved waste disposal plant                   |
|                                   | P502 - Refer to manufacturer/supplier for information on recovery/recycling                |
|                                   |  |

2.3. Other hazards which do not result in classification

No additional information available

### 2.4. Unknown acute toxicity (GHS US)

No additional information available

## **SECTION 3: Composition/Information on ingredients**

#### 3.1. Substances

Substance type

: Mono-constituent

| Name  | Product identifier | % | GHS US classification   |
|---|--------------------|---|---|
| 1-Chloro-1,1,2,2-tetrafluoropropane<br>(Main constituent) | CAS-No.: 421-75-0  |   | Press. Gas (Liq.), H280<br>Skin Irrit. 2, H315<br>Eye Irrit. 2A, H319<br>STOT SE 3, H335<br>Ozone 1, H420 |

Full text of hazard classes and H-statements : see section 16

#### 3.2. Mixtures

Not applicable

| SECTION 4: First-aid measures          |  |
|--|--|
| 4.1. Description of first aid measures |  |
| First-aid measures general             | : In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area. |
| First-aid measures after inhalation    | : Remove person to fresh air and keep comfortable for breathing. If not breathing, give artificial respiration. Get immediate medical advice/attention.                    |
| First-aid measures after skin contact  | : Wash with plenty of soap and water. Get medical advice/attention.  |
|  |  |

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| First-aid measures after eye contact<br>First-aid measures after ingestion | <ul> <li>Remove contact lenses, if present and easy to do. Continue rinsing. Immediately flush eyes thoroughly with water for at least 15 minutes. Get medical advice/attention.</li> <li>Due to its physical form, exposure to this chemical is not likely. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention.</li> </ul> |  |  |
|--|--|--|--|
| 4.2. Most important symptoms and effects (acute and delayed)               |  |  |  |
| Symptoms/effects   | : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.   |  |  |
| Symptoms/effects after inhalation  | : May cause drowsiness or dizziness.   |  |  |

Symptoms/effects after skin contact Symptoms/effects after eye contact

- : Contact with the liquid the may cause cold burns/frostbite.
- : Direct contact with the liquefied gas may cause severe and possibly permanent eye injury due to frostbite from rapid liquid evaporation.

apparatus. For further information refer to section 8: "Exposure controls/personal protection".

4.3. Immediate medical attention and special treatment, if necessary

#### No additional information available

| SECTION 5: Fire-fighting measures                                   |  |  |  |
|---|--|--|--|
| 5.1. Suitable (and unsuitable) extinguishing media                  |  |  |  |
| Suitable extinguishing media  | : Use extinguishing media appropriate for surrounding fire.  |  |  |
| 5.2. Specific hazards arising from the chemical                     |  |  |  |
| Fire hazard<br>Explosion hazard                                     | <ul> <li>Thermal decomposition generates: Carbon oxides. Hydrogen chloride. Hydrogen fluoride.</li> <li>Contains gas under pressure; may explode if heated. Use water spray or fog for cooling expose containers. May form flammable/explosive vapor-air mixture.</li> </ul> |  |  |
| 5.3. Special protective equipment and precautions for fire-fighters |  |  |  |
| Firefighting instructions<br>Protection during firefighting         | <ul><li>In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion.</li><li>Wear gas tight chemically protective clothing in combination with self contained breathing</li></ul>   |  |  |

| SECTION 6: Accidental release measures |   |  |  |
|--|---|--|--|
| C.4. Demonstrations protective         | and the set and an encourse and a set   |  |  |
| 6.1. Personal precautions, protective  | equipment and emergency procedures  |  |  |
| General measures                       | : Evacuate unnecessary personnel. Ensure adequate air ventilation. May cause suffocation by reducing oxygen available for breathing. Do not breathe gas, fumes, vapor or spray. |  |  |
| 6.1.1. For non-emergency personnel     |   |  |  |
| Emergency procedures                   | : Only qualified personnel equipped with suitable protective equipment may intervene.   |  |  |
| 6.1.2. For emergency responders        |   |  |  |
| Protective equipment                   | : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".                     |  |  |

#### Emergency procedures : Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level. Consider the risk of potentially explosive atmospheres. Eliminate every possible source of ignition.

### 6.2. Environmental precautions

Avoid release to the environment. Notify authorities if product enters sewers or public waters.

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 6.3. Methods and material for containment and cleaning up       |  |  |
|---|--|--|
| For containment<br>Methods for cleaning up<br>Other information | <ul> <li>Stop leak if safe to do so.</li> <li>Ventilate area.</li> <li>For disposal of solid materials or residues refer to section 13 : "Disposal considerations".</li> </ul> |  |
| 6.4. Reference to other sections                                |  |  |

No additional information available

| SECTION 7: Handling and storage                                    |  |  |
|--|--|--|
| 7.1. Precautions for safe handling                                 |  |  |
| Additional hazards when processed<br>Precautions for safe handling | <ul> <li>Pressurized container: Do not pierce or burn, even after use. Handle empty containers with care because residual vapors are flammable. Close valve after each use and when empty.</li> <li>Do not handle until all safety precautions have been read and understood. Ensure good</li> </ul>                           |  |
|  | ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes. Keep away from ignition sources (including static discharges). Proper grounding procedures to avoid static electricity should be followed. Use only non-sparking tools. |  |
| Hygiene measures   | : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.   |  |
| 7.2. Conditions for safe storage, including any incompatibilities  |  |  |
| Technical measures<br>Storage conditions                           | <ul> <li>Comply with applicable regulations.</li> <li>Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use. Keep away from ignition sources.</li> </ul>   |  |
| Incompatible materials<br>Storage area                             | <ul><li>Refer to Section 10 on Incompatible Materials.</li><li>Store in dry, cool, well-ventilated area.</li></ul>   |  |

## **SECTION 8: Exposure controls/personal protection**

| 8.1. Control parameters                      |   |
|--|---|
| 1-Chloro-1,1,2,2-tetrafluoropropane (421-75- | 0)  |
| No additional information available          |   |
| 8.2. Appropriate engineering controls        |   |
| Appropriate engineering controls             | : Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Systems under pressure should be regularily checked for leakage. Oxygen detectors should be used when asphyxiating gases may be released. |
| 8.3. Individual protection measures/Persona  | I protective equipment  |

#### Hand protection:

protective gloves. 29 CFR 1910.138: Hand Protection

#### Eye protection:

Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection

#### Skin and body protection:

Wear suitable protective clothing

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### **Respiratory protection:**

In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection

### Personal protective equipment symbol(s):

#### Thermal hazard protection:

Cold insulating gloves.

Other information:

Safety shoes. 29 CFR 1910.136: Foot Protection.

| Viscosity, dynamic                              | : No data available    |
| Explosion limits                                | : No data available    |
| Explosive properties                            | : No data available    |
| Oxidizing properties                            | : No data available    |
|   |                        |

#### 9.2. Other information

Refractive index

: 1,3012 (@ 5 °C)

### **SECTION 10: Stability and reactivity**

10.1. Reactivity

No additional information available

#### **10.2. Chemical stability**

The product is stable at normal handling and storage conditions.

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### **10.3. Possibility of hazardous reactions**

#### No additional information available

10.4. Conditions to avoid

Keep away from heat, sparks and flame.

**10.5. Incompatible materials** 

Alkali metals. Finely divided metals (Al, Mg, Zn). Strong bases. Strong oxidizing agents.

#### **10.6. Hazardous decomposition products**

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5.

### **SECTION 11: Toxicological information**

### **11.1. Information on toxicological effects**

| Acute toxicity (oral)               | : Not classified   |
|-------------------------------------|--|
|                                     | : Not classified   |
| Acute toxicity (dermal)             |  |
| Acute toxicity (inhalation)         | : Not classified   |
| Skin corrosion/irritation           | : Causes skin irritation.  |
| Serious eye damage/irritation       | : Causes serious eye irritation.   |
| Respiratory or skin sensitization   | : Not classified   |
| Germ cell mutagenicity              | : Not classified   |
| Carcinogenicity                     | : Not classified   |
| Reproductive toxicity               | : Not classified   |
| STOT-single exposure                | : May cause respiratory irritation.  |
| STOT-repeated exposure              | : Not classified   |
| Aspiration hazard                   | : Not classified   |
| Viscosity, kinematic                | : No data available  |
| Symptoms/effects                    | : The most important known symptoms and effects are described in the labelling (see section 2.2)   |
|                                     | and/or in section 11.  |
| Symptoms/effects after inhalation   | : May cause drowsiness or dizziness.   |
| Symptoms/effects after skin contact | : Contact with the liquid the may cause cold burns/frostbite.  |
| Symptoms/effects after eye contact  | : Direct contact with the liquefied gas may cause severe and possibly permanent eye injury due to frostbite from rapid liquid evaporation. |

## **SECTION 12: Ecological information**

#### 12.1. Toxicity

| No additional information available            |   |  |
|--|---|--|
| 12.2. Persistence and degradability            |   |  |
| 1-Chloro-1,1,2,2-tetrafluoropropane (421-75-0) |   |  |
| Persistence and degradability                  | Not readily biodegradable. May cause long-term adverse effects in the environment. PBT - Persistent, Bioaccumulative and Toxic. |  |

## Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 12.3. Bioaccumulative potential  |  |  |
|--|--|--|
| 1-Chloro-1,1,2,2-tetrafluoropropane (421-75-0)   |  |  |
| Bioaccumulative potential  | Perfluorinated alkanes (PFAs, "forever chemicals") are long lasting, widely used chemicals that break down slowly over time. The potential hazards of PFAs are under investigation and have not been established.  |  |
| 12.4. Mobility in soil   |  |  |
| No additional information available  |  |  |
| 12.5. Other adverse effects  |  |  |
| Other information  | : Class II ozone-depleting substance.  |  |
| SECTION 13: Disposal considerations  |  |  |
| 13.1. Disposal methods   |  |  |
| Waste treatment methods<br>Sewage disposal recommendations<br>Product/Packaging disposal recommendations<br>Additional information | <ul> <li>Prevent runoff from entering drains, sewers or waterways. See the EPA's Interim Guidance on PFAS Destruction and Disposal.</li> <li>See the EPA's Interim Guidance on PFAS Destruction and Disposal.</li> <li>See the EPA's Interim Guidance on PFAS Destruction and Disposal.</li> <li>EPA's Interim Guidance on PFAS Destruction and Disposal.</li> <li>EPA's Interim Guidance on PFAS Destruction and Disposal (Dec. 18, 2020    https://downloads.regulations.gov/EPA-HQ-OLEM-2020-0527-0002/content.pdf). The National Defense Authorization Act for Fiscal Year 2020, Public Law No: 116-92 (hereafter, "FY 2020</li> </ul> |  |

NDAA"), was signed into law on December 19, 2019. Section 7361 of the FY 2020 NDAA directs the U.S. Environmental Protection Agency (EPA) to publish interim guidance on the destruction and disposal of perfluoroalkyl and polyfluoroalkyl substances (PFAS) and materials containing PFAS. This interim guidance fulfills that direction. EPA will review the interim guidance at least every 3 years and revise it, if appropriate based on the availability of new information or other

This material is considered to be a "Forever chemical". Prevent any possible release to the

environment. Do not discharge into drains. Take all necessary measures to prevent accidental

|  | discharge of products into drains and waterways due to the rupture of containers or transfer systems, or emergency response. |
|--|--|
