

Safety Data Sheet 12003E1 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 10/02/2015 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Substance name	: trans-1H,2H-Octafluorocyclopentane
CAS No	: 158389-18-5
Product code	: 1200-3-E1
Formula	: C5H2F8
Synonyms	: trans-1,1,2,2,3,3,4,5-octafluorocyclopentane
Other means of identification	: MFCD23704311
1.2. Relevant identified uses of the substa	ance or mixture and uses advised against
No additional information available	
1.3. Details of the supplier of the safety d	ata sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of America T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs.com	
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or mi	xture
Classification (GHS-US)	
Full text of H-phrases: see section 16	
2.2. Label elements GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07
Signal word (GHS-US)	: Warning
Hazard statements (GHS-US)	: H315 - Causes skin irritation H319 - Causes serious eye irritation H335 - May cause respiratory irritation
	: P261 - Avoid breathing fumes, mist, spray, vapors

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

ccording to Federal Register				
2.3. Other hazard No additional information				
	ute toxicity (GHS US)			
Not applicable	, , ,			
SECTION 3: Comp	position/information or	ingredients		
S.1. Substance				
Substance type	: N	lono-constituent		
Name		Product identifier	%	Classification (GHS-US)
trans-1H,2H-Octafluorocy (Main constituent)	clopentane	(CAS No) 158389-18-5	<= 100	Skin Irrit. 2, H315 Eye Irrit. 2A, H319 STOT SE 3, H335
Full text of H-phrases: s	see section 16	·		· ·
3.2. Mixture				
Not applicable				
SECTION 4: First				
	of first aid measures			
irst-aid measures gene	W	a case of accident or if you feel unw here possible). Move the affected	personnel away from	the contaminated area.
First-aid measures after	re	espiration. Get medical advice/atter	ntion.	athing. If not breathing, give artificial
First-aid measures after		ash with plenty of soap and water.		
First-aid measures after	a	nmediately flush eyes thoroughly w dvice/attention.		
First-aid measures after	ringestion : D n	o NOT induce vomiting. Never give nouth out with water. Get medical a		o an unconscious person. Rinse
4.2. Most importa	Most important symptoms and effects, both acute and delayed			
Symptoms/injuries	: Т		is and effects are des	scribed in the labelling (see section
4.3. Indication of	: T 2	he most important known symptom		scribed in the labelling (see section
4.3. Indication of Treat symptomatically.	: T 2 any immediate medical atte	he most important known symptom .2) and/or in section 11.		scribed in the labelling (see section
4.3. Indication of Treat symptomatically. SECTION 5: Firefig	: T 2 any immediate medical atte ghting measures	he most important known symptom .2) and/or in section 11.		scribed in the labelling (see section
4.3. Indication of Treat symptomatically. SECTION 5: Firefit 5.1. Extinguishing	: T 2 any immediate medical atte ghting measures g media nedia : A	he most important known symptom .2) and/or in section 11.	led	
Indication of Treat symptomatically. SECTION 5: Firefig 5.1. Extinguishing m Suitable extinguishing m	: T 2 any immediate medical atte ghting measures g media nedia : A	he most important known symptom .2) and/or in section 11. ntion and special treatment need lcohol resistant foam. Carbon dioxi ppropriate for surrounding fire.	led	
Indication of Treat symptomatically. SECTION 5: Firefig 5.1. Extinguishing m Suitable extinguishing m 5.2. Special hazar	: T 2 any immediate medical atte ghting measures g media nedia : A a rds arising from the substar	he most important known symptom .2) and/or in section 11. ntion and special treatment need lcohol resistant foam. Carbon dioxi ppropriate for surrounding fire.	led de. Dry powder. Wat	er spray. Use extinguishing media
4.3. Indication of Treat symptomatically. SECTION 5: Firefit 5.1. Extinguishing m Suitable extinguishing m 5.2. Special hazar Fire hazard	: T 2 any immediate medical atte ghting measures g media nedia : A a rds arising from the substar : T	he most important known symptom .2) and/or in section 11. Intion and special treatment need loohol resistant foam. Carbon dioxi ppropriate for surrounding fire.	led de. Dry powder. Wat	er spray. Use extinguishing media
4.3. Indication of Treat symptomatically. SECTION 5: Firefit 5.1. Extinguishing m Suitable extinguishing m 5.2. Special hazar Fire hazard 5.3. Advice for fir	: T 2 any immediate medical atte ghting measures g media nedia : A a rds arising from the substar : T refighters hting : D	he most important known symptom .2) and/or in section 11. Intion and special treatment need loohol resistant foam. Carbon dioxi ppropriate for surrounding fire.	led de. Dry powder. Wat Carbon oxides. Hydro t suitable protective e	er spray. Use extinguishing media ogen fluoride.
 Indication of Treat symptomatically. SECTION 5: Firefit Extinguishing m Extinguishing m Suitable extinguishing m Special hazar Special hazard Advice for fir Protection during firefigh 	: T 2 any immediate medical atte ghting measures g media nedia : A a rds arising from the substar : T refighters hting : D	he most important known symptom .2) and/or in section 11. trans-1H,2H-Octafluorocyclopentane Safety Data Sheet

Methods for cleaning up	Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	: Ensure good ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, includ	ing any incompatibilities
Storage conditions	: Keep container tightly closed.
ncompatible materials	: Refer to Section 10 on Incompatible Materials.
Storage area	: Store in dry, cool, well-ventilated area.
SECTION 8: Exposure controls/pers	sonal protection
3.1. Control parameters	
No additional information available	
3.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers
	should be available in the immediate vicinity of any potential exposure.
land protection	: Protective gloves.
Eye protection	: Chemical goggles or safety glasses. Face shield.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.
SECTION 9: Physical and chemical	properties
0.1. Information on basic physical and	chemical properties
Physical state	: Liquid
Color	: No data available
Ddor	: No data available
Ddor threshold	: No data available
ЪН	: No data available
Aelting point	: No data available
Freezing point	: No data available
Boiling point	: 51 °C
lash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Dxidizing properties	: No data available
/apor pressure	: No data available
	All date was field.

Relative density

: 214.06 g/mol

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
9.2. Other information	
No additional information available	
SECTION 10: Stability and rea	activity
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
The product is stable at normal handling	g and storage conditions.
10.3. Possibility of hazardous rea	actions
No additional information available	
10.4. Conditions to avoid	
No additional information available	
10.5. Incompatible materials	
Strong oxidizing agents.	
10.6. Hazardous decomposition	products
Under normal conditions of storage and fire, see Section 5.	l use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of
SECTION 11: Toxicological in	formation
11.1. Information on toxicologica	Il effects
Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.

, loate tentony	
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTION 12: Ecological information				
12.1.	Toxicity			
No addit	No additional information available			
12.2.	Persistence and degradability			
No addit	ional information available			
12.3.	Bioaccumulative potential			
No addit	ional information available			
12.4.	Mobility in soil			
No addit	ional information available			
12.5.	Other adverse effects			
No addit	ional information available			

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 13: Disposal considerations

13.1. Waste treatment methods

Waste treatment methods

Waste disposal recommendations

Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.
 Dispose of contents/container in accordance with licensed collector's sorting instructions.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

Not regulated for transport

TDG

No additional information available

Transport by sea

No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

trans-1H,2H-Octafluorocyclopentane	CAS No 158389-18-5	100%
------------------------------------	--------------------	------

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

15.2. International regulations

CANADA

No additional information available

EU-Regulations No additional information available

National regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Full text of H-phrases:

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NFPA health hazard	: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 1 Slight Hazard - Irritation or minor reversible injury possible
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
