

Safety Data Sheet 2117910 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 05/14/2020 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Substance name	: 1,1,3,3-Tetrabromoacetone
CAS No	: 22612-89-1
Product code	: 2117-9-10
Formula	: C3H2Br4O
Synonyms	: 1,1,3,3-Tetrabromo-2-propanone; 1,1,3,3-Tetrabromopropan-2-one; 1,1,3,3-Tetrabromo-2-
Synonyms	oxopropane
Other means of identification	: MFCD00059470
4.2 Relevent identified upon of the subst	
	ance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances
	Scientific research and development
1.3. Details of the supplier of the safety d	ata shaat
SynQuest Laboratories, Inc.	
P.O. Box 309	
Alachua, FL 32615 - United States of America	
T (386) 462-0788 - F (386) 462-7097	
info@synquestlabs.com - www.synquestlabs.com	
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or mi	xture
Classification (GHS-US)	
Acute Tox. 4 (Oral) H302 - Harmful if swalld	
Acute Tox. 4 (Dermal) H312 - Harmful in conta	
Skin Corr. 1C H314 - Causes severe s	skin burns and eye damage
Skin Irrit. 2 H315 - Causes skin irrit	
Eye Dam. 1H318 - Causes seriousSTOT SE 3H335 - May cause respi	
Full text of H-phrases: see section 16	
2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	
	GHS05 GHS07
Signal word (GHS-US)	: Danger
Hazard statements (GHS-US)	: H302+H312 - Harmful if swallowed or in contact with skin
Tiazaru statements (GHS-05)	H314 - Causes severe skin burns and eye damage
	H315 - Causes skin irritation
	H335 - May cause respiratory irritation
Precautionary statements (GHS-US)	: P260 - Do not breathe dust/fume/gas/mist/vapors/spray
	P264 - Wash skin thoroughly after handling
	P270 - Do not eat, drink or smoke when using this product P271 - Use only outdoors or in a well-ventilated area
	P280 - Wear protective gloves/protective clothing/eye protection/face protection
	P301+P312 - If swallowed: Call a POISON CENTER or doctor/ physician if you feel unwell
	P301+P330+P331 - If swallowed: rinse mouth. Do NOT induce vomiting
	P302+P352 - If on skin: Wash with plenty of soap and water P302+P351 - P352 - If on skin (or bait): Take off immediately all contaminated elething. Pince
	P303+P361+P353 - If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower
	P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing

3.2.       Mixture         Not applicable       SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show tim where possible). Move the affected personnel away from the contaminated area.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing, or respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes. Or medical advice/attention.         First-aid measures after eye contact       : Wmediately flush eyes thoroughly with water for at least 15 minutes. Remove corr present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious persor mouth out with water. Get immediate medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling (s 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respiratory shortness of breath, headache, nausea.         5.1.       Extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishi a		(CAS No) 22612	-89-1	<= 100	Skin Irrit. 2, H315 Eye Dam. 1, H318	
Not applicable         SECTION 4: First aid measures         4.1. Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing, or respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes. Or present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove or present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious persor mouth out with water. Get immediate medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling (s 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respiratory shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptom	H-phrases: see section 16					
SECTION 4: First aid measures         4.1.       Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing, If not breathing, crespiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes. Creation divice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove correrest and easy to do. Continue finsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting, Never give anything by mouth to an unconscious persor mouth out with water. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting, Never give anything by mouth to an unconscious persor mouth out with water. Get immediate medical advice/attention.         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling (s 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respiratory shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed	Mixture					
4.1.       Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 6: Accidental release measures			
6.1. Personal precautions, protective equipment and emergency procedures			
General measures :	Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe dust. Do not breathe gas, fumes, vapor or spray.		
6.1.1. For non-emergency personnel			
Emergency procedures :	Only qualified personnel equipped with suitable protective equipment may intervene.		
6.1.2. For emergency responders			
Protective equipment :	Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".		
6.2. Environmental precautions			
Avoid release to the environment. Notify authorities	if product enters sewers or public waters.		
6.3. Methods and material for containment	and cleaning up		
For containment :	Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.		
Methods for cleaning up :	Minimize generation of dust. Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area.		
Other information :	For disposal of solid materials or residues refer to section 13 : "Disposal considerations".		
6.4. Reference to other sections			
No additional information available			
SECTION 7: Handling and storage			
7.1. Precautions for safe handling			
Precautions for safe handling :	Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe dust, fumes, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.		
Hygiene measures :	Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.		
7.2. Conditions for safe storage, including	any incompatibilities		
	Comply with applicable regulations.		
	Keep container closed when not in use.		
	Refer to Section 10 on Incompatible Materials.		
Storage temperature :	-2510 °C Use explosion proof freezer.		
Storage area :	Store in dry, well-ventilated area. Heat sensitive. Light sensitive.		
SECTION 8: Exposure controls/person	al protection		
8.1. Control parameters			
No additional information available			
8.2. Exposure controls			
Appropriate engineering controls :	Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.		
Hand protection :	Protective gloves. 29 CFR 1910.138: Hand Protection.		
Eye protection :	Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.		
Skin and body protection :	Wear suitable protective clothing.		
	In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.		
Other information :	Safety shoes. 29 CFR 1910.136: Foot Protection.		
SECTION 9: Physical and chemical pro	operties		
9.1. Information on basic physical and che	mical properties		
Physical state :	Solid		

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

· · · · · · · · · · · · · · · · · · ·	
Odor threshold	: No data available
рН	: No data available
Melting point	: 37 - 38 °C
Freezing point	: No data available
Boiling point	: (@ 7 mm Hg)
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 373.663 g/mol
Solubility	: No data available
Log Pow	: No data available

Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

#### 9.2. **Other information**

No additional information available

SECTION 10: Stability and reactivity
10.1. Reactivity
No additional information available
10.2. Chemical stability
The product is stable at normal handling and storage conditions.
10.3. Possibility of hazardous reactions
No additional information available
10.4. Conditions to avoid
Keep away from heat, sparks and flame.
10.5. Incompatible materials
Strong oxidizing agents.
10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of

fire, see Section 5. SECTION 11: Toxicological information

SECH				
11.1.	Information on toxicological effects			
Acute to	xicity	: Oral: Harmful if swallowed. Dermal: Harmful in contact with skin.		

•	
Skin corrosion/irritation	: Causes severe skin burns and eye damage. Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye damage.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: Material is destructive to tissue of the mucuous membranes and upper respiratory tract. Cough, shortness of breath, headache, nausea.

SECTIO	ON 12: Ecological information			
12.1.	Toxicity			
No additio	No additional information available			
12.2.	Persistence and degradability			
No additio	No additional information available			
12.3.	Bioaccumulative potential			
No additional information available				
12.4.	Mobility in soil			
No additional information available				
12.5.	Other adverse effects			

No additional information available

SECTION 13: Disposal considerations			
13.1. Waste treatment methods			
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.		
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.		
Additional information	: Recycle the material as far as possible.		

### SECTION 14: Transport information

#### Department of Transportation (DOT)

In accordance with DOT Transport document description

UN-No.(DOT) Proper Shipping Name (DOT) Transport hazard class(es) (DOT) Hazard labels (DOT)

Packing group (DOT) DOT Packaging Non Bulk (49 CFR 173.xxx) DOT Packaging Bulk (49 CFR 173.xxx) DOT Symbols

- : UN3261 Corrosive solid, acidic, organic, n.o.s., 8, III
- : UN3261
- : Corrosive solid, acidic, organic, n.o.s.
- : 8 Class 8 Corrosive material 49 CFR 173.136

- : III Minor Danger
- : 213
- : 240
- : G Identifies PSN requiring a technical name

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

DOT Special Provisions (49 CFR 172.102)	<ul> <li>IB8 - Authorized IBCs: Metal (11A, 11B, 11N, 21A, 21B, 21N, 31A, 31B and 31N); Rigid plastics (11H1, 11H2, 21H1, 21H2, 31H1 and 31H2); Composite (11HZ1, 11HZ2, 21HZ1, 21HZ2, 31HZ1 and 31HZ2); Fiberboard (11G); Wooden (11C, 11D and 11F); Flexible (13H1, 13H2, 13H3, 13H4, 13H5, 13L1, 13L2, 13L3, 13L4, 13M1 or 13M2).</li> <li>IP3 - Flexible IBCs must be sift-proof and water-resistant or must be fitted with a sift-proof and water-resistant liner.</li> <li>T1 - 1.5 178.274(d)(2) Normal 178.275(d)(2)</li> <li>TP33 - The portable tank instruction assigned for this substance applies for granular and powdered solids and for solids which are filled and discharged at temperatures above their melting point which are cooled and transported as a solid mass. Solid substances transported or offered for transport above their melting point are authorized for transportation in portable tanks conforming to the provisions of portable tank instruction T4 for solid substances of packing group III or T7 for solid substances of packing group III or T7 for solid substances of packing group III or T7 for solid substances of packing group III or T7. Solids underta assigned in which case the more stringent tank instruction and special provisions shall apply. Filling limits must be in accordance with portable tank special provision TP3. Solids meeting the definition of an elevated temperature material must be transported in accordance with the applicable requirements of this subchapter.</li> </ul>
DOT Packaging Exceptions (49 CFR 173.xxx)	: 154
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	: 25 kg
DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75)	: 100 kg
DOT Vessel Stowage Location	: A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.
Other information	: No supplementary information available.
<b>TDG</b> No additional information available	
Transport by sea	
UN-No. (IMDG)	: 3261
Proper Shipping Name (IMDG)	: CORROSIVE SOLID, ACIDIC, ORGANIC, N.O.S.
Class (IMDG)	: 8 - Corrosive substances
Packing group (IMDG)	: III - substances presenting low danger
Air transport UN-No. (IATA)	: 3261
Proper Shipping Name (IATA)	: Corrosive solid, acidic, organic, n.o.s.
Class (IATA)	: 8 - Corrosives
Packing group (IATA)	: III - Minor Danger
SECTION 15: Regulatory information	
15.1. US Federal regulations	

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

1,1,3,3-Tetrabromoacetone

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

CAS No 22612-89-1

15.2. International regulations

#### **CANADA**

No additional information available

**EU-Regulations** No additional information available

#### National regulations

1,1,3,3-Tetrabromoacetone (22612-89-1) Listed on the TCSI (Taiwan Chemical Substance Inventory) 100%

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

#### **SECTION 16: Other information**

	Acute Tox. 4 (Dermal)		Acute toxicity (dermal) Category 4
	Acute Tox. 4 (Oral)		Acute toxicity (oral) Category 4
	Eye Dam. 1		Serious eye damage/eye irritation Category 1
	Skin Corr. 1C		Skin corrosion/irritation Category 1C
	Skin Irrit. 2		Skin corrosion/irritation Category 2
	STOT SE 3		Specific target organ toxicity (single exposure) Category 3
	H302		Harmful if swallowed
	H312		Harmful in contact with skin
	H314		Causes severe skin burns and eye damage
	H315		Causes skin irritation
	H318		Causes serious eye damage
	H335		May cause respiratory irritation
NFPA health hazard		: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.	
NFPA fire hazard		: 1 - Must be preheated be	fore ignition can occur.
NFPA reactivity		: 0 - Normally stable, even and are not reactive with	under fire exposure conditions, water.

HMIS III Rating	
Health	: 3 Serious Hazard - Major injury likely unless prompt action is taken and medical treatment is given
Flammability	: 1 Slight Hazard - Materials that must be preheated before ignition will occur. Includes liquids, solids and semi solids having a flash point above 200 F. (Class IIIB)
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
