

Safety Data Sheet 2129314

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 01/19/2015 Version: 1.0

SECTION 1: Identification		
1.1. Identification		
Product form	: Substance	
Substance name	: 3,3,3-Trifluoro-2-hydroxypropionic acid	
CAS No	: 684-07-1	
Product code	: 2129-3-14	
Formula	: C3H3F3O3	
Synonyms	: (DL)-3,3,3-Trifluorolactic acid	
Other means of identification	: MFCD00051802	
1.2. Relevant identified uses of the	substance or mixture and uses advised against	
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development	
1.3. Details of the supplier of the sa	fety data sheet	
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of Ameri T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlab		
1.4. Emergency telephone number		
Emergency number	: (844) 523-4086 (3E Company - Account 10069)	
SECTION 2: Hazard(s) identificat	ion	
2.1. Classification of the substance	or mixture	
Classification (GHS-US)		
Skin Corr. 1B H314 - Causes severe skin Eye Dam. 1 H318 - Causes serious eye STOT SE 3 H335 - May cause respirat	e damage	
Full text of H-phrases: see section 16		
2.2. Label elements		
GHS-US labeling		
Hazard pictograms (GHS-US)	CHS05 GHS07	
Signal word (GHS-US)	: Danger	
Hazard statements (GHS-US)	: H314 - Causes severe skin burns and eye damage H335 - May cause respiratory irritation	
Precautionary statements (GHS-US)	<ul> <li>P260 - Do not breathe dust, mist, spray</li> <li>P264 - Wash skin thoroughly after handling</li> <li>P271 - Use only outdoors or in a well-ventilated area</li> <li>P280 - Wear protective gloves/protective clothing/eye protection/face protection</li> <li>P301+P330+P331 - If swallowed: rinse mouth. Do NOT induce vomiting</li> <li>P303+P361+P353 - If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin with water/shower</li> <li>P2041 - P240. If inheled: Remove person to fresh air and keep comfertable for breathing.</li> </ul>	

P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing

P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing P310 - Immediately call a POISON CENTER or doctor/ physician

P321 - Specific treatment (see supplemental first aid instructions on this label) P363 - Wash contaminated clothing before reuse

P403+P233 - Store in a well-ventilated place. Keep container tightly closed

P405 - Store locked up P501 - Dispose of contents/container to an approved waste disposal plant

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 3: Composition/information on ingredients         Substance type       Mono-constituent         Nume       Product identifier       %       Classification         Substance type       : Mono-constituent         Nume       Product identifier       %       Classification         3.3.3 -Tifluoro-2-hydroxypropionic acid       (CAS No) 684-07-1       <= 100       Skin Corr. 18, HE       Eye Dam. 1, H3         Substance type         Full text of H-phrases: see section 16         3.2. Mixture         Not applicable         SECTION 4: First aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (sho where possible). Move the affected personnel away from the contaminated are first-aid measures after inhalation       : Remove person to fresh air and keep comforable for breathing, if not breathing respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoe: medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mount to an unconscious per mouth out with water. Get immediate medical advice/attention. <th>314 8 5 w the label ra.</th>	314 8 5 w the label ra.		
2.4.       Unknown acute toxicity (GHS US)         Not applicable       SECTION 3: Composition/information on ingredients         3.1. Move the affected personnel away from the contaminated are respiration. Get immediate medical advice/attention.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated are medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         4.2.       Most Important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2 and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         5.1.       Extingu	8 5 w the label a.		
3.2.       Mixture         Not applicable         SECTION 4: First aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show where possible). Move the affected personnel away from the contaminated are control advice/attention.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing, respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoet medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove or present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after inpestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       : Alcohol resistant foam. Carbon dioxi	ea.		
Not applicable         SECTION 4: First aid measures         Sinst-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (showere possible). Move the affected personnel away from the contaminated are spressible). Move the affected personnel away from the contaminated are respiration. Get immediate medical advice/attention.         Sinst-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing respiration. Get immediate medical advice/attention.         Sinst-aid measures after skin contact       : Wash with plenty of scap and water. Remove contaminated clothing and shoes medical advice/attention.         Sinst-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove present and easy to do. Continue rinsing. Get immediate medical advice/attention.         Sinst-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         L2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         L3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       : Alcohol	ea.		
SECTION 4: First aid measures         1.1. Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show where possible). Move the affected personnel away from the contaminated are respiration. Get immediate medical advice/attention.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove or present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         First-aid measures after ingestion       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2.1 and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         1.3. Indication of any immediate medical attention and special treatment needed       freat symptomatically. <td< td=""><td>ea.</td></td<>	ea.		
4.1.       Description of first aid measures         First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show where possible). Move the affected personnel away from the contaminated are respiration. Get immediate medical advice/attention.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing, respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove a present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire. <td>ea.</td>	ea.		
First-aid measures general       : In case of accident or if you feel unwell, seek medical advice immediately (show where possible). Move the affected personnel away from the contaminated are control immediate medical advice/attention.         First-aid measures after inhalation       : Remove person to fresh air and keep comfortable for breathing. If not breathing respiration. Get immediate medical advice/attention.         First-aid measures after skin contact       : Wash with plenty of soap and water. Remove contaminated clothing and shoes medical advice/attention.         First-aid measures after eye contact       : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove or present and easy to do. Continue rinsing. Get immediate medical advice/attention.         First-aid measures after ingestion       : Do NOT induce vomiting. Never give anything by mouth to an unconscious per mouth out with water. Get immediate medical advice/attention.         A.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11. A.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       SECTION 5: Firefightling measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3.       Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.	Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical advice/attention.		
Symptoms/injuries       : The most important known symptoms and effects are described in the labelling 2.2) and/or in section 11.         Symptoms/injuries after inhalation       : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.       SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguis appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3.       Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.			
2.2) and/or in section 11.         Symptoms/injuries after inhalation         : Material is destructive to tissue of the mucuous membranes and upper respirat shortness of breath, headache, nausea.         i.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3.       Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.	· · · · · · · · · · · · · · · · · · ·		
A.3.       Indication of any immediate medical attention and special treatment needed         Freat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3.       Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.	The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.		
Treat symptomatically.         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         Suitable extinguishing media         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire.         5.2. Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3. Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.	Material is destructive to tissue of the mucuous membranes and upper respiratory tract. Cough, shortness of breath, headache, nausea.		
SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extingui appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         5.3.       Advice for firefighters         Firefighting instructions       : In case of fire: Evacuate area.	1.3. Indication of any immediate medical attention and special treatment needed

Avoid release to the environment. Notify authorities if product enters sewers or public waters.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.3. Methods and material for containm	nent and cleaning up
For containment	: Stop leak if safe to do so.
Methods for cleaning up	: Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	: Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe dust, mist, spray. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, includ	ling any incompatibilities
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use. Hygroscopic. Keep contents under inert gas.
Incompatible materials	: Refer to Section 10 on Incompatible Materials.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

Storage area

#### No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

: Store in dry, cool, well-ventilated area.

### **SECTION 9: Physical and chemical properties**

9.1. Information on basic physical and	d chemical properties
Physical state	: Solid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
рН	: No data available
Melting point	: 68 - 69 °C
Freezing point	: No data available
Boiling point	: 157 °C (@ 123 mm Hg)
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 144.05 g/mol

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

#### 9.2. **Other information**

No additional information available

SECTI	ON 10: Stability and reactivity
10.1.	Reactivity
No addit	tional information available
10.2.	Chemical stability
The proc	duct is stable at normal handling and storage conditions.
10.3.	Possibility of hazardous reactions
No addit	tional information available
10.4.	Conditions to avoid
Keep av	vay from heat, sparks and flame.
10.5.	Incompatible materials
Bases. S	Strong oxidizing agents.
10.6.	Hazardous decomposition products
	ormal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of Section 5.
SECTI	ON 11: Toxicological information
11.1.	Information on toxicological effects
A	

Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes severe skin burns and eye damage.
Serious eye damage/irritation	: Causes serious eye damage.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: Material is destructive to tissue of the mucuous membranes and upper respiratory tract. Cough, shortness of breath, headache, nausea.

SECTION	DN 12: Ecological information
12.1.	Toxicity
No additi	onal information available
12.2.	Persistence and degradability
No additi	onal information available
12.3.	Bioaccumulative potential
No additi	onal information available
12.4.	Mobility in soil
No additi	onal information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

#### 12.5. Other adverse effects

No additional information available

SECTION 13: Disposal consideration	IS
13.1.       Waste treatment methods         Waste treatment methods       Waste disposal recommendations         Additional information       Mathematical States	<ul> <li>Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.</li> <li>Dispose of contents/container in accordance with licensed collector's sorting instructions.</li> <li>Recycle the material as far as possible.</li> </ul>
SECTION 14: Transport information	
Department of Transportation (DOT) In accordance with DOT Transport document description	: UN3261 Corrosive solid, acidic, organic, n.o.s., 8, III
UN-No.(DOT) Proper Shipping Name (DOT) Transport hazard class(es) (DOT) Hazard labels (DOT)	<ul> <li>: UN3261</li> <li>: Corrosive solid, acidic, organic, n.o.s.</li> <li>: 8 - Class 8 - Corrosive material 49 CFR 173.136</li> <li>: 8 - Corrosive</li> </ul>
Packing group (DOT) DOT Packaging Non Bulk (49 CFR 173.xxx) DOT Packaging Bulk (49 CFR 173.xxx) DOT Symbols DOT Special Provisions (49 CFR 172.102)	<ul> <li>III - Minor Danger</li> <li>213</li> <li>240</li> <li>G - Identifies PSN requiring a technical name</li> <li>IB8 - Authorized IBCs: Metal (11A, 11B, 11N, 21A, 21B, 21N, 31A, 31B and 31N); Rigid plastics (11H1, 11H2, 21H1, 21H2, 31H1 and 31H2); Composite (11HZ1, 11HZ2, 21HZ1, 21HZ2, 31HZ1 and 31H22); Fiberboard (11G); Wooden (11C, 11D and 11F); Flexible (13H1, 13H2, 13H3, 13H4, 13H5, 13L1, 13L2, 13L3, 13L4, 13M1 or 13M2).</li> <li>IP3 - Flexible IBCs must be sift-proof and water-resistant or must be fitted with a sift-proof and water-resistant liner.</li> <li>T1 - 1.5 178.274(d)(2) Normal</li></ul>
DOT Packaging Exceptions (49 CFR 173.xxx)	: 154
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	: 25 kg
DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75)	: 100 kg
DOT Vessel Stowage Location	: A - The material may be stowed "on deck" or "under deck" on a cargo vessel and on a passenger vessel.
Other information	: No supplementary information available.

#### SECTION 15: Regulatory information

#### 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

3,3,3-Trifluoro-2-hydroxypropionic acid	CAS No 684-07-1	100%

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

#### 15.2. International regulations

**CANADA** 

No additional information available

#### **EU-Regulations**

No additional information available

#### **National regulations**

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

#### **SECTION 16: Other information**

#### Full text of H-phrases:

Full text of H-phrases:	
Eye Dam. 1	Serious eye damage/eye irritation Category 1
Skin Corr. 1B	Skin corrosion/irritation Category 1B
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H314	Causes severe skin burns and eye damage
H318	Causes serious eye damage
H335	May cause respiratory irritation
NFPA health hazard	: 3 - Short exposure could cause serious temporary or residual injury even though prompt medical attention was given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.
HMIS III Rating	
Health	: 3 Serious Hazard - Major injury likely unless prompt action is taken and medical treatment is given
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	<ul> <li>0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.</li> </ul>
