

Safety Data Sheet 232310A according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 02/26/2018 Version: 1.0

| 1.1. Identification  |   |
|--|---|
| Product form   | : Substance   |
| Substance name   | : Ethyl 2-methyl-but-3-enoate   |
| CAS No   | : 1647-12-7   |
| Product code   | : 2323-1-0A   |
| Formula  | : C7H12O2   |
| Synonyms   | : Ethyl 2-methyl-3-butenoate  |
| Other means of identification  | : MFCD30169082  |
| 1.2. Relevant identified uses of the   | substance or mixture and uses advised against   |
| Use of the substance/mixture   | : Laboratory chemicals<br>Manufacture of substances<br>Scientific research and development  |
| 1.3. Details of the supplier of the sa   | fety data sheet   |
| SynQuest Laboratories, Inc.<br>P.O. Box 309<br>Alachua, FL 32615 - United States of Ameri<br>T (386) 462-0788 - F (386) 462-7097<br>info@synquestlabs.com - www.synquestlab  |   |
| 1.4.         Emergency telephone number  |   |
| Emergency number   | : (844) 523-4086 (3E Company - Account 10069)   |
| SECTION 2: Hazard(s) identificat   | ion   |

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 5.3.        | Advice for firefighters   |  |
|-------------|---|--|
| Firefightin | g instructions  | : In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion.  |
| Protection  | during firefighting   | : Wear gas tight chemically protective clothing in combination with self contained breathing apparatus. For further information refer to section 8: "Exposure controls/personal protection". |
| SECTIO      | N 6: Accidental release   | measures   |
| 6.1.        | Personal precautions, protective equipment and emergency procedures |  |

| General measures  | : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe gas, fumes vapor or spray.   |  |
|---|--|--|
| 6.1.1. For non-emergency personnel Emergency procedures | : Only qualified personnel equipped with suitable protective equipment may intervene.  |  |
| 6.1.2. For emergency responders                         |  |  |
| Protective equipment                                    | : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".  |  |
| Emergency procedures                                    | : Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level. Consider the risk of potentially explosive atmospheres. Eliminate every possible source of ignition. |  |
| 6.2. Environmental precautions                          |  |  |

Avoid release to the environment. Notify authorities if product enters sewers or public waters.

| 6.3.     | Methods and material for containment and cleaning up |   |  |
|----------|--|---|--|
| For con  | tainment   | : Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.  |  |
| Method   | s for cleaning up                                    | Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use<br>explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel<br>spills into appropriate container for disposal. Ventilate area. |  |
| Other in | formation  | : For disposal of solid materials or residues refer to section 13 : "Disposal considerations".  |  |

### 6.4. Reference to other sections

No additional information available

| SECTION 7: Handling and storage             |   |
|---|---|
| 7.1. Precautions for safe handling          |   |
| Additional hazards when processed           | : Handle empty containers with care because residual vapors are flammable.  |
| Precautions for safe handling               | : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes. Keep away from ignition sources (including static discharges). Proper grounding procedures to avoid static electricity should be followed. Use only non-sparking tools. |
| Hygiene measures                            | : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.  |
| 7.2. Conditions for safe storage, including | ng any incompatibilities  |
| Technical measures                          | : Comply with applicable regulations.   |
| Storage conditions                          | : Keep container closed when not in use. Keep away from ignition sources.   |
| Incompatible materials                      | : Refer to Section 10 on Incompatible Materials.  |
| Storage area                                | : Store in dry, cool, well-ventilated area.   |

### SECTION 8: Exposure controls/personal protection

### 8.1. Control parameters

No additional information available

| 8.2. Exposure controls           |  |   |                   |
|----------------------------------|--|---|-------------------|
| Appropriate engineering controls |  | ork station. Emergency eye wash fountains a diate vicinity of any potential exposure. | nd safety showers |
| Hand protection                  | : Protective gloves. 29 CFR 1910                   | .138: Hand Protection.  |                   |
| Eye protection                   | : Chemical goggles or safety glas                  | ses. Face shield. 29 CFR 1910.133: Eye and  | Face Protection.  |
| Skin and body protection         | : Wear suitable protective clothing                | g.  |                   |

| Viscosity, dynamic  | : No data available  |  |  |
| 9.2. Other information  |  |  |  |
| Refractive index  | : 1.409 (@ 30 °C)  |  |  |
| <b>SECTION 10: Stability and reactivity</b>                         | /  |  |  |
| 10.1. Reactivity  |  |  |  |
| No additional information available                                 |  |  |  |
| 10.2. Chemical stability  |  |  |  |
| The product is stable at normal handling and sto                    | prage conditions.  |  |  |
| 10.3. Possibility of hazardous reactions                            |  |  |  |
| No additional information available                                 |  |  |  |
| 10.4. Conditions to avoid   |  |  |  |
| Keep away from heat, sparks and flame.                              |  |  |  |
|   |  |  |  |
| 10.5. Incompatible materials  |  |  |  |
| Strong acids. Strong bases. Strong oxidizing ag                     |  |  |  |
| 10.6. Hazardous decomposition product                               |  |  |  |
| Under normal conditions of storage and use, ha fire, see Section 5. | zardous decomposition products should not be produced. Hazardous decomposition products in case of |  |  |
| <b>SECTION 11: Toxicological informa</b>                            | tion   |  |  |
| 11.1. Information on toxicological effects                          |  |  |  |
| Acute toxicity  | : Not classified   |  |  |
| Acute toxicity  |  |  |  |
| Skin corrosion/irritation   | : Causes skin irritation.  |  |  |

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| : Causes serious eye irritation.   |
|--|
| : Not classified   |
| : May cause respiratory irritation.  |
| : Not classified   |
| : Not classified   |
| : May cause drowsiness or dizziness.   |
| : Contact with the liquid the may cause cold burns/frostbite.  |
| : Direct contact with the liquefied gas may cause severe and possibly permanent eye injury due to frostbite from rapid liquid evaporation. |
|  |

| SECTION 12: Ecological information  |
|-------------------------------------|
| 12.1. Toxicity                      |
