

1-(3,4-Difluorophenyl)ethanol Safety Data Sheet 260230B according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 04/19/2021 Version: 1.0

4.4 1.1	
1.1. Identification	
Product form	: Substance
Substance name	: 1-(3,4-Difluorophenyl)ethanol
CAS No	: 321318-21-2
Product code	: 2602-3-0B
Formula	: C8H8F2O
Synonyms	: 3,4-Difluorophenylmethylcarbinol
Other means of identification	: MFCD08442288
I.2. Relevant identified uses of the	substance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development
1.3. Details of the supplier of the sa	afety data sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of Amer T (386) 462-0788 - F (386) 462-7097

SECTION 4: First aid measures			
4.1. Description of first aid measures			- lange distants (shared har land at
First-aid measures general	: In case of accident or if you feel unwe where possible). Move the affected pe		
First-aid measures after inhalation	: Remove person to fresh air and keep respiration. Get immediate medical ac	comfortable for breat	
First-aid measures after skin contact	: Wash with plenty of soap and water.	Get immediate medica	al advice/attention.
First-aid measures after eye contact	: Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get immediate medical advice/attention.		
First-aid measures after ingestion		: Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get immediate medical advice/attention.	
4.2. Most important symptoms and eff			
Symptoms/injuries	: The most important known symptoms 2.2) and/or in section 11.	and effects are descr	ibed in the labelling (see section
4.3. Indication of any immediate medic Treat symptomatically.	cal attention and special treatment neede	ed	
SECTION 5: Firefighting measures			
5.1. Extinguishing media			
Suitable extinguishing media	: Alcohol resistant foam. Carbon dioxid appropriate for surrounding fire.	e. Dry powder. Water	spray. Use extinguishing media
Unsuitable extinguishing media	: Do not use a heavy water stream.		
5.2. Special hazards arising from the s	substance or mixture		
Fire hazard	: Thermal decomposition generates: Ca		
Explosion hazard	: Risk of explosion if heated under conf containers.	finement. Use water s	pray or fog for cooling exposed
5.3. Advice for firefighters			
-	: In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion.		
Firefighting instructions Protection during firefighting	: Wear gas tight chemically protective c	-	

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

General measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe gas, fumes, vapor or spray.         6.1.1. For non-emergency personnel       Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         6.1.2. For emergency responders       Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         Emergency procedures       : Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         6.2. Environmental precautions       Avoid release to the environment. Notify authorities if product enters sewers or public waters.         6.3. Methods and material for containment and cleaning up       : Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.         Methods for cleaning up       : Take up large spills with purp or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area.         Other information       : For disposal of solid materials or residues refer to section 13 : "Disposal considerations".         6.4. Reference to other sections       No additional information available         SECTION 7: Handling and storage       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do no treathe fumes, mist, spray, vapors. Wear person	SECTION 6: Accidental release me	easures
c.1.1. For non-emergency presonnel       Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         c.1.2. For emergency responders       : Do not attempt to take action without suitable protective equipment. Ter further information refer to section 5: "Exposure controls/personal protection".         Emergency procedures       :: Do not attempt to take action without suitable protective equipment. Ter further information refer to section 5: "Exposure controls/personal protection".         6.2. Environmental precautions       : Gas/apor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         6.3. Methods and material for containment and cleaning up       : Take up large spills with pump or vaccum and finish with dry chemical absorbent. Use explositon-proto equipment. Take up snall spills with dry chemical absorbent. Use explositon-proto equipment. Take up snall spills with dry chemical absorbent. Use explositon-proto equipment. Take up snall spills with dry chemical absorbent. Use explositon-proto equipment. Take up snall spills with dry chemical absorbent. Use explositon-proto equipment. Take up snall spills with dry chemical absorbent. Use protective equipment in a term section 13: "Disposal considerations".         6.4. Reference to other sections       : Do not handle until al safety precautions have been read and understood. Ensure good ventilation of the work station. Do not bracher thirts with sty chemical absorber.         Precautions for safe handling       : Do not handle until al safety precautions have been read and understood. Ensure good ventilation of the work station. Do not bracher thurnes, mist, strray, vapors. Wear personal protective	6.1. Personal precautions, protective	equipment and emergency procedures
Emergency procedures : Only qualified personnel equipped with suitable protective equipment may intervene. 6.1.2 For emergency responders Protective equipment : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection". Emergency procedures : Cas/yapor heavier than air. May accumulate in confined spaces, particularly at or below ground level. 6.2 Environmental precautions Avoid release to the environment. Notify authorities if product enters severs or public waters. 6.3. Methods and material for containment and cleaning up For containment : Stop leak if safe to do so. Dike for recovery or absorb with appropriate material. Methods for cleaning up : Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up analy spills into appropriate container for disposal. Verifiate area. Other information : For disposal of solid materials or residues refer to section 13: "Disposal considerations". 6.4. Reference to other sections No additional information available SECTION 7: Handeling and storage Procautions for safe handling Precautions for safe handling Precautions for safe handling Precautions for safe handling Precautions for safe handling C. Conditions for safe storage, including and incompatibilities Storage area : Comply with applicable regulations. Storage conditions : Refer to Section 10 on incompatible Materials. Storage conditions in seve sees : Comply with applicable regulations. Storage area : Store in dry, cool, well-ventilated area. SECTION 8: Exposure controls/personal protection 8.1. Control parameters No additional information available SECTION 8: Exposure controls/personal protection 8.1. Control parameters No additional information available R.2. Exposure controls/personal protection 8.1. Control parameters No additional information available R.2. Exposure controls/personal protection 8.1. Control parameters No additional information available 8.2. Ex	General measures	
6.1.2. For emergency responders         Protective equipment       :       Do not attempt to take action without suitable protection queries.         Emergency procedures       :       Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         6.2.       Environmental precautions       :       Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         6.3.       Methods and material for containment and cleaning up       For containment       :       Stop leak if sle to do so. Dike for recovery or absorb with appropriate material.         For containment       :       Stop leak if sle to do so. Dike for recovery or absorb with appropriate material.         Methods for cleaning up       :       Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-protor equipument. Take up spinsoin protoculate up small spills with dry chemical absorbent. Use explosion-protoe equipument. Take up spinsoin protoculate area.         Other information       :       For disposal of solid materials or residues refer to section 13 : "Disposal considerations".         6.4.       Reference to other sections       No additional information available         SECTION 7: Handling and storage       :       Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear presonal protechrice equipment. Avoid contact with skin and eyes.	6.1.1. For non-emergency personnel	
Protective equipment       E D on to attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         Emergency procedures       CasVapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         6.2. Environmental precautions       Avoid release to the environment. Notify authorities if product enters severs or public waters.         6.3. Methods and material for containment and cleaning up       For containment         For containment       : Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.         Methods for cleaning up       : Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sevep or shovel spills into appropriate container for disposal. Ventilate area.         Other information       : For disposal of solid materials or residues refer to section 13 : "Disposal considerations".         6.4. Reference to other sections       No additional information available         SECTION 7: Handling and storage       : Do not handle until all safety precautions have been read and understood. Ensure good venitiation of the work station. Do not breathe fumes, mist, stray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.         Proceautions for safe handling       : Do not handle until all safety precautions have safety procedures. Do not eat, drink or smoke when using this product. Aways wash hands after handling the product.         7.2. Condi	Emergency procedures	: Only qualified personnel equipped with suitable protective equipment may intervene.

#### **Other information** 9.2.

No additional information available

SECTION 10: Stability and reactivity
10.1. Reactivity
No additional information available
10.2. Chemical stability
The product is stable at normal handling and storage conditions.
10.3. Possibility of hazardous reactions
No additional information available
10.4. Conditions to avoid
Keep away from heat, sparks and flame.
10.5. Incompatible materials
Strong oxidizing agents.
10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5.
SECTION 11: Toxicological information
11.1. Information on toxicological effects

Acute toxicity	: Oral: Harmful if swallowed.
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Aspiration hazard	: Not classified	
SECTION 12: Ecological info	mation	
12.1. Toxicity		
No additional information available		
12.2. Persistence and degradabi	ity	
No additional information available		
12.3. Bioaccumulative potential		
No additional information available		
12.4. Mobility in soil		
No additional information available		
12.5. Other adverse effects		
No additional information available		

SECTION 13: Disposal consider	ations
13.1. Waste treatment methods	
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Additional information	: Recycle the material as far as possible.
SECTION 14: Transport informa	tion
Department of Transportation (DOT)	

In accordance with DOT Not regulated for transport

TDG

No additional information available

#### Transport by sea

No additional information available

### Air transport

No additional information available

#### SECTION 15: Regulatory information

#### 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

1-(3,4-Difluorophenyl)ethanol	CAS No 321318-21-2	100%

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

#### 15.2. International regulations

#### **CANADA**

No additional information available

#### **EU-Regulations**

No additional information available

#### **National regulations**

No additional information available

### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

### **SECTION 16: Other information**
