

**4-Chlorobenzoyl chloride** Safety Data Sheet 26165X4 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 09/06/2017 Version: 1.0

| SECTION 1: Identification 1.1. Identification   |  |
|---|--|
| 1.1. Identification   |  |
|   |  |
| Product form  | : Substance  |
| Substance name  | : 4-Chlorobenzoyl chloride   |
| CAS No  | : 122-01-0   |
| Product code  | : 2616-5-X4  |
| Formula   | : C7H4Cl2O   |
| Other means of identification   | : MFCD00000686   |
| 1.2. Relevant identified uses of the sub  | stance or mixture and uses advised against   |
| Use of the substance/mixture  | : Laboratory chemicals<br>Manufacture of substances<br>Scientific research and development |
| 1.3. Details of the supplier of the safety  | / data sheet   |
| SynQuest Laboratories, Inc.<br>P.O. Box 309<br>Alachua, FL 32615 - United States of America<br>T (386) 462-0788 - F (386) 462-7097<br>info@synquestlabs.com - www.synquestlabs.com<br>1.4. Emergency telephone number | <u>om</u>  |
| Emergency number  | : (844) 523-4086 (3E Company - Account 10069)  |
| CECTION 2: Upperd(a) identification   |  |
| SECTION 2: Hazard(s) identification   |  |
| 2.1. Classification of the substance or   | mixture  |
| Classification (GHS-US)   |  |
| STOT SE 3 H335 - May cause respiratory<br>Full text of H-phrases: see section 16  | irritation   |
| 2.2. Label elements   |  |
| GHS-US labeling   |  |
| Hazard pictograms (GHS-US)  |  |
|   | GHS05 GHS07  |
| Signal word (GHS-US)  | GHS05 GHS07<br>: Danger  |
| Signal word (GHS-US)<br>Hazard statements (GHS-US)  |  |

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| 2.3.        | Other hazards |  |
|-------------|---------------|--|
| <b>Z.J.</b> | Other hazarus |  |

| Other hazards not contributing to the<br>classification | : Lachrymator. |
|---|----------------|
|   |                |

## 2.4. Unknown acute toxicity (GHS US)

Not applicable

## **SECTION 3: Composition/information on ingredients**

3.1. Substance Substance type

· Mono-constituent

| Substance type :                               | : Mono-constituent  |                   |  |
|--|---|-------------------|--|
| Name   | Product identifier  | %                 | Classification (GHS-US)                                    |
| 4-Chlorobenzoyl chloride<br>(Main constituent) | (CAS No) 122-01-0   | <= 100            | Skin Corr. 1B, H314<br>Eye Dam. 1, H318<br>STOT SE 3, H335 |
| Full text of H-phrases: see section 16         |   |                   |  |
| 3.2. Mixture                                   |   |                   |  |
| Not applicable                                 |   |                   |  |
| SECTION 4: First aid measures                  |   |                   |  |
| 4.1. Description of first aid measures         |   |                   |  |
| First-aid measures general :                   | In case of accident or if you feel unwell, seek where possible). Move the affected personne |                   |  |
| First-aid measures after inhalation :          | Remove person to fresh air and keep comfor respiration. Get immediate medical advice/at     |                   | ng. If not breathing, give artificial                      |
| First-aid measures after skin contact :        | Wash with plenty of soap and water. Remove medical advice/attention.                        | e contaminated o  | clothing and shoes. Get immediate                          |
| First-aid measures after eye contact :         | Immediately flush eyes thoroughly with water present and easy to do. Continue rinsing. Get  |                   |  |
| First-aid measures after ingestion :           | Do NOT induce vomiting. Never give anythin mouth out with water. Get immediate medica       |                   |  |
| 4.2. Most important symptoms and effects       | both acute and delayed  |                   |  |
| Symptoms/injuries :                            | The most important known symptoms and eff 2.2) and/or in section 11.                        | fects are describ | ed in the labelling (see section                           |
| Symptoms/injuries after inhalation :           | Material is destructive to tissue of the mucuo<br>shortness of breath, headache, nausea.    | us membranes a    | and upper respiratory tract. Cough,                        |

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

| SECTION 5: Firefighting measures        |  |  |
|---|--|--|
| 5.1. Extinguishing media                |  |  |
| Suitable extinguishing media            | : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.   |  |
| 5.2. Special hazards arising from the s | ubstance or mixture  |  |
| Fire hazard                             | : Thermal decomposition generates: Carbon oxides. Hydrogen chloride.   |  |
| Explosion hazard                        | : Risk of explosion if heated under confinement. Use water spray or fog for cooling exposed containers.  |  |
| 5.3. Advice for firefighters            |  |  |
| Firefighting instructions               | : In case of fire: Evacuate area. Fight fire remotely due to the risk of explosion.  |  |
| Protection during firefighting          | : Wear gas tight chemically protective clothing in combination with self contained breathing apparatus. For further information refer to section 8: "Exposure controls/personal protection". |  |
| SECTION 6: Accidental release measures  |  |  |

| SECTION 0. Accidental release measures |   |   |
|--|---|---|
| 6.1.                                   | Personal precautions, protective equipment and emergency procedures |   |
| General                                | measures  | : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe gas, fumes, vapor or spray. |
| 6.1.1.<br>Emerge                       | For non-emergency personnel<br>ncy procedures                       | : Only qualified personnel equipped with suitable protective equipment may intervene.                         |

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

|   | y, march 20, 2012 / huids and hegulanons  |
|---|---|
| 6.1.2. For emergency responders                 |   |
| Protective equipment                            | : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".   |
| Emergency procedures                            | : Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.   |
| 6.2. Environmental precautions                  |   |
| Avoid release to the environment. Notify author | ities if product enters sewers or public waters.  |
| 6.3. Methods and material for containm          | nent and cleaning up  |
| For containment                                 | : Stop leak if safe to do so. Dike for recovery or absorb with appropriate material.  |
| Methods for cleaning up                         | : Take up large spills with pump or vacuum and finish with dry chemical absorbent. Use explosion-proof equipment. Take up small spills with dry chemical absorbent. Sweep or shovel spills into appropriate container for disposal. Ventilate area. |
| Other information                               | : For disposal of solid materials or residues refer to section 13 : "Disposal considerations".  |
| 6.4. Reference to other sections                |   |
| No additional information available             |   |
| SECTION 7: Handling and storage                 |   |
| 7.1. Precautions for safe handling              |   |
| Precautions for safe handling                   | Do not handle until all safety precautions have been read and understood. Ensure good<br>ventilation of the work station. Do not breathe fumes, mist, spray, vapors. Wear personal<br>protective equipment. Avoid contact with skin and eyes.       |
| Hygiene measures                                | : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.  |
| 7.2. Conditions for safe storage, includ        | ling any incompatibilities  |
| Technical measures                              | : Comply with applicable regulations.   |
| Storage conditions                              | : Keep container closed when not in use. Moisture sensitive. Keep contents under inert gas.   |
|   | : Refer to Section 10 on Incompatible Materials.  |
| Incompatible materials                          |   |

**SECTION 8: Exposure controls/personal protection** 

#### 8.1. **Control parameters**

0.0

No additional information available

|                                  | 8.2. Exposure controls   |   |
|----------------------------------|--------------------------|---|
| Appropriate engineering controls |                          | : Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. |
|                                  | Hand protection          | : Protective gloves. 29 CFR 1910.138: Hand Protection.  |
|                                  | Eye protection           | : Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.  |
|                                  | Skin and body protection | : Wear suitable protective clothing.  |
|                                  | Respiratory protection   | : In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory<br>Protection.  |
|                                  | Other information        | : Safety shoes. 29 CFR 1910.136: Foot Protection.   |
|                                  |                          |   |

# **SECTION 9: Physical and chemical properties**

| 9.1. Information on basic physical and      | chemical properties |
|---|---------------------|
| Physical state                              | : Liquid            |
| Color                                       | : No data available |
| Odor  | : No data available |
| Odor threshold                              | : No data available |
| рН  | : No data available |
| Melting point                               | : 11 - 14 °C        |
| Freezing point                              | : No data available |
| Boiling point                               | : 221 - 222 °C      |
| Flash point                                 | : 105 °C            |
| Relative evaporation rate (butyl acetate=1) | : No data available |

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| Flammability (solid, gas)       | : No data available    |
|---------------------------------|------------------------|
| Explosion limits                | : No data available    |
| Explosive properties            | : No data available    |
| Oxidizing properties            | : No data available    |
| Vapor pressure                  | : No data available    |
| Relative density                | : No data available    |
| Relative vapor density at 20 °C | : No data available    |
| Specific gravity / density      | : 1.365 g/ml (@ 20 °C) |
| Molecular mass                  | : 175.01 g/mol         |
| Solubility                      | : No data available    |
| Log Pow                         | : No data available    |
| Auto-ignition temperature       | : No data available    |
| Decomposition temperature       | : No data available    |
| Viscosity                       | : No data available    |
| Viscosity, kinematic            | : No data available    |
| Viscosity, dynamic              | : No data available    |
| 9.2 Other information           |                        |

**Other information** 9.2.

Refractive index

: 1.578 (@ 20 °C)

| SECTION 10  | 0: Stability and reactivity                          |  |
|---|--|--|
| 10.1. Reactivity  |  |  |
| No additional in  | formation available                                  |  |
| 10.2. Chem  | nical stability                                      |  |
| The product is s  | stable at normal handling and storage conditions.    |  |
| 10.3. Possi   | ibility of hazardous reactions                       |  |
| No additional in  | formation available                                  |  |
| 10.4. Cond  | litions to avoid                                     |  |
| , ,   | n heat, sparks and flame.                            |  |
| 10.5. Incon   | npatible materials                                   |  |
| Alcohols. Amine   | es. Bases. Oxidizing agents.                         |  |
| 10.6. Hazar   | rdous decomposition products                         |  |
| Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5. |  |  |
| SECTION 11: Toxicological information   |  |  |
| 11.1. Inform  | mation on toxicological effects                      |  |
|   |  |  |
| Acute toxicity  | : Not classified                                     |  |
| Skin corrosion/ii   | rritation : Causes severe skin burns and eye damage. |  |

| Skin corrosion/irritation                          | : Causes severe skin burns and eye damage.  |
|--|---|
| Serious eye damage/irritation                      | : Causes serious eye damage.  |
| Respiratory or skin sensitization                  | : Not classified  |
| Germ cell mutagenicity                             | : Not classified  |
| Carcinogenicity                                    | : Not classified  |
| Reproductive toxicity                              | : Not classified  |
| Specific target organ toxicity (single exposure)   | : May cause respiratory irritation.   |
| Specific target organ toxicity (repeated exposure) | : Not classified  |
| Aspiration hazard                                  | : Not classified  |
| Symptoms/injuries after inhalation                 | : Material is destructive to tissue of the mucuous membranes and upper respiratory tract. Cough, shortness of breath, headache, nausea. |

### Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

| SECT   | ION 12: Ecological information |
|--------|--------------------------------|
| 12.1.  | Toxicity                       |
| No add | itional information available  |
| 12.2.  | Persistence and degradability  |
| No add | itional information available  |
| 12.3.  | Bioaccumulative potential      |
| No add | itional information available  |
| 12.4.  | Mobility in soil               |
| No add | itional information available  |
| 12.5.  | Other adverse effects          |
| No add | itional information available  |

| <b>SECTION 13: Disposal considerat</b> | ions  |
|--|---|
| 13.1. Waste treatment methods          |   |
| Waste treatment methods                | : Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.   |
| Waste disposal recommendations         | : Dispose of contents/container in accordance with licensed collector's sorting instructions. |
| Additional information                 | : Recycle the material as far as possible.  |

### **SECTION 14: Transport information**

### **Department of Transportation (DOT)**

In accordance with DOT Transport document description

### UN-No.(DOT)

Proper Shipping Name (DOT) Transport hazard class(es) (DOT) Hazard labels (DOT)

Packing group (DOT)

- DOT Packaging Non Bulk (49 CFR 173.xxx)
- DOT Packaging Bulk (49 CFR 173.xxx)
- DOT Symbols
- DOT Special Provisions (49 CFR 172.102)

- : UN3265 Corrosive liquid, acidic, organic, n.o.s., 8, II
- : UN3265
- : Corrosive liquid, acidic, organic, n.o.s.
- : 8 Class 8 Corrosive material 49 CFR 173.136
- : 8 Corrosive

- : II Medium Danger
- : 202
- : 242
- : G Identifies PSN requiring a technical name
- : B2 MC 300, MC 301, MC 302, MC 303, MC 305, and MC 306 and DOT 406 cargo tanks are not authorized.

TP2 - a. The maximum degree of filling must not exceed the degree of filling determined by the following: (image) Where: tr is the maximum mean bulk temperature during transport, tf is the temperature in degrees celsius of the liquid during filling, and a is the mean coefficient of cubical expansion of the liquid between the mean temperature of the liquid during filling (tf) and the maximum mean bulk temperature during transportation (tr) both in degrees celsius. b. For liquids transported under ambient conditions may be calculated using the formula: (image) Where: d15 and d50 are the densities (in units of mass per unit volume) of the liquid at 15 C (59 F) and 50 C (122 F), respectively.

TP27 - A portable tank having a minimum test pressure of 4 bar (400 kPa) may be used provided the calculated test pressure is 4 bar or less based on the MAWP of the hazardous material, as defined in 178.275 of this subchapter, where the test pressure is 1.5 times the MAWP.

DOT Packaging Exceptions (49 CFR 173.xxx) : 154

DOT Quantity Limitations Passenger aircraft/rail : 1 L (49 CFR 173.27)
