

Safety Data Sheet 26299S1 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 10/20/2016 Version: 1.0

SECTION 1: Identification			
1.1. Identification			
	. Substance		
Product form	: Substance	huden meninging and	
Substance name	: (S)-3-(4-Bromophenyl)-2	nydroxypropionic acid	
CAS No	: 853908-26-6		
Product code	: 2629-9-S1		
Formula	: C9H9BrO3		
Synonyms	: (alphaS)-4-Bromo-alpha-	hydroxybenzenepropanoic acid	
1.2. Relevant identified uses of the s		advised against	
Use of the substance/mixture	: Laboratory chemicals Manufacture of substanc Scientific research and d		
1.3. Details of the supplier of the safe	ety data sheet		
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of Americ	a		
T (386) 462-0788 - F (386) 462-7097 info@synguestlabs.com - www.synguestlabs			
1.4. Emergency telephone number			
Emergency number	: (844) 523-4086 (3E Com	pany - Account 10069)	
SECTION 2: Hazard(s) identification	on		
2.1. Classification of the substance of			
Classification (GHS-US)			
Acute Tox. 4 (Oral)H302 - Harmful if swaSkin Irrit. 2H315 - Causes skin irEye Irrit. 2AH319 - Causes seriouSTOT SE 3H335 - May cause resFull toxt of LL phrases seriouStore and the phrases seriou	ritation s eye irritation		
Full text of H-phrases: see section 16			
2.2. Label elements			
GHS-US labeling			
Hazard pictograms (GHS-US)	GHS07		
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	: H302 - Harmful if swallov H315 - Causes skin irrita H319 - Causes serious e H335 - May cause respir	tion ye irritation	
Precautionary statements (GHS-US)	P271 - Use only outdoors P280 - Wear protective g P301+P312 - If swallowe P302+P352 - If on skin: V P304+P340 - If inhaled: I P305+P351+P338 - If in lenses, if present and ea P312 - Call a POISON C P321 - Specific treatmen P330 - Rinse mouth P332+P313 - If skin irrita		you feel unwell or breathing æs. Remove contact

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.3. Other hazards   No additional information available 2.4.   2.4. Unknown acute toxicity (GHS US)   Not applicable SECTION 3: Composition/information on ingredients   3.1. Substance   Substance type : Mono-constituent   Name Product identifier %   (S):3.4 ABromophenyl)-2-hydroxypropionic acid (CAS No) 853908-26-6 <= 100   Aute Tox: 4 (Oral), H3 Stintrit 2, H315   Full text of H-phrases: see section 16 3.2. Mixure   Not applicable SECTION 4: First aid measures First-aid measures   First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep controlable for breathing. If no breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of scap and water. Get immediate medical advice/attention.   First-aid measures after singestion : Do NOT induce voniting, Never give anything by mouth to a unconscious person. I move anything by mouth conscinues. Remove conta present and easy to do. Continue finsing. Get immediate medical advice/attention.   First-aid measures aft		
2.4. Unknown acute toxicity (GHS US)   Not applicable   SECTION 3: Composition/information on ingredients   3.1. Substance   Substance type : Mono-constituent   Name Product identifier % Classification (GHZ)   (B):4-(4-Bromphenyl)-2-hydroxypropionic acid (CAS No) 853908-20-6 <= 100 Acute Tox. 4 (Dral, HZ)   (Main constituent) (CAS No) 853908-20-6 <= 100 Acute Tox. 4 (Dral, HZ)   Siminit, 2-H315 Epytemt 2A, H315 Epytemt 2A, H315 Epytemt 2A, H315   Structure Not applicable SECTION 4: First aid measures First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affacted personnel away from the contaminated area.   First-aid measures after inhalation : Bremove person to fresh air and keep comfortable for breathing, if not breathing, giv respiration. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   Streading measures after ingestion : Do N

Main constituent) Skin Intil 2, H315   Full text of H-phrases: see section 16 3.2   S2. Mixture   Not applicable SECTION 4: First aid measures   First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after eye contact : Wash with plenty of scap and water. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   First-aid measures : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.2. Most important symptoms and effects, both acute and baged   Symptoms/injuries : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water s	-US)	
3.2. Mixture   Not applicable SECTION 4: First aid measures   Standbox First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after ingestion : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to do. Continue frinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   First-aid measures after ingestion : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.2. Most important symptoms and effects. both acute and delayed   Symptoms/injuries : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. <td< td=""><td>)2</td></td<>	)2	
Not applicable   SECTION 4: First aid measures   4.1. Description of first aid measures   First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed Symptoms/injuries   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed Treat symptomatically.   SECTION 5: Firefighting media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon oxides		
SECTION 4: First aid measures   4.1. Description of first aid measures   First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after negetion : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to 6. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon oxides. Hydrogen bromide.		
4.1. Description of first aid measures   First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.		
First-aid measures general : In case of accident or if you feel unwell, seek medical advice immediately (show the where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.1. Extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture		
where possible). Move the affected personnel away from the contaminated area.   First-aid measures after inhalation : Remove person to fresh air and keep comfortable for breathing. If not breathing, give respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.		
respiration. Get immediate medical advice/attention.   First-aid measures after skin contact : Wash with plenty of soap and water. Get immediate medical advice/attention.   First-aid measures after eye contact : Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contar present and easy to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas ti	In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area.	
First-aid measures after eye contact : Immediately fush eyes thoroughly with water for at least 15 minutes. Remove conta present and easy to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained bread	artificial	
First-aid measures after ingestion indexty to do. Continue rinsing. Get immediate medical advice/attention.   First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. I mouth out with water. Get immediate medical advice/attention.   4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained bread		
4.2. Most important symptoms and effects, both acute and delayed   Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically. SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained bready		
Symptoms/injuries : The most important known symptoms and effects are described in the labelling (see 2.2) and/or in section 11.   4.3. Indication of any immediate medical attention and special treatment needed   Treat symptomatically.   SECTION 5: Firefighting measures   5.1. Extinguishing media   Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained bread		
Suitable extinguishing media : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breadyprotective clothing in combination with		
appropriate for surrounding fire.   5.2. Special hazards arising from the substance or mixture   Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained bread		
Fire hazard : Thermal decomposition generates: Carbon oxides. Hydrogen bromide.   5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breat	media	
5.3. Advice for firefighters   Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breaters		
Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breating		
Firefighting instructions : In case of fire: Evacuate area.   Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained breating		
Protection during firefighting : Wear gas tight chemically protective clothing in combination with self contained brea		
SECTION 6: Accidental release measures		
6.1. Personal precautions, protective equipment and emergency procedures		
General measures : Evacuate unnecessary personnel. Ensure adequate air ventilation. Do not breathe d		
6.1.1.   For non-emergency personnel     Emergency procedures   : Only qualified personnel equipped with suitable protective equipment may intervene		
6.1.2. For emergency responders	ust.	
Protective equipment : Do not attempt to take action without suitable protective equipment. For further inform refer to section 8: "Exposure controls/personal protection".	ust.	

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.2. Environmental precautions	
Avoid release to the environment. Notify author	ities if product enters sewers or public waters.
6.3. Methods and material for containm	ent and cleaning up
For containment	: Stop leak if safe to do so.
Methods for cleaning up	: Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and storage	
7.1. Precautions for safe handling	
Precautions for safe handling	: Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe dust, mist, spray. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, includ	ing any incompatibilities
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible materials	: Refer to Section 10 on Incompatible Materials.
Storage area	: Store in dry, cool, well-ventilated area.
SECTION 8: Exposure controls/pers	sonal protection
8.1. Control parameters	

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

## **SECTION 9: Physical and chemical properties**

9.1. Information on basic physical ar	nd chemical properties
Physical state	: Solid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
рН	: No data available
Melting point	: 130 °C
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Relative vapor density at 20 °C	: No data available
Molecular mass	: 245.07 g/mol
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

## 9.2. Other information

No additional information available

SECT	ION 10: Stability and reactivity
10.1.	Reactivity
No addi	tional information available
10.2.	Chemical stability
The pro	duct is stable at normal handling and storage conditions.
10.3.	Possibility of hazardous reactions
No addi	tional information available
10.4.	Conditions to avoid
Keep av	way from heat, sparks and flame.
10.5.	Incompatible materials
Strong	oxidizing agents.
10.6.	Hazardous decomposition products

Under normal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of fire, see Section 5.

<b>SECTION 11: Toxicological information</b>	tion
11.1. Information on toxicological effects	3
Acute toxicity	: Oral: Harmful if swallowed.
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECT	ION 12: Ecological information
12.1.	Toxicity
No addi	tional information available
12.2.	Persistence and degradability
No addi	tional information available
12.3.	Bioaccumulative potential
No addi	tional information available
12.4.	Mobility in soil
No addi	tional information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

## 12.5. Other adverse effects

No additional information available

SECTION 13: Disposal consider	ations
13.1. Waste treatment methods	
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
Additional information	: Recycle the material as far as possible.
SECTION 14: Transport informa	tion

### **Department of Transportation (DOT)**

In accordance with DOT

Not regulated for transport

#### TDG

No additional information available

#### Transport by sea

No additional information available

#### Air transport

No additional information available

## **SECTION 15: Regulatory information**

### 15.1. US Federal regulations
