

## 3,5-Dimethyl-2,4,6-trifluorobenzoic acid

Safety Data Sheet 2721327 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 10/02/2015 Version: 1.0

SECTION 1: Identification			
1.1. Identification			
Product form	: Substance		
Substance name	: 3,5-Dimethyl-2,4,6-trifluorobenzoic acid		
CAS No	: 886762-23-8		
Product code	: 2721-3-27		
Formula	: C9H7F3O2		
1.2. Relevant identified uses of the subs	stance or mixture and uses advised against		
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development		
1.3. Details of the supplier of the safety	data sheet		
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of America T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs.com	<u>m</u>		
1.4.         Emergency telephone number           Emergency number         Emergency number	: (844) 523-4086 (3E Company - Account 10069)		
SECTION 2: Hazard(s) identification			
2.1. Classification of the substance or n	nixture		
Eye Irrit. 2A H319 - Causes serious eye irrita STOT SE 3 H335 - May cause respiratory irr Full text of H-phrases: see section 16 2.2. Label elements GHS-US labeling			
Hazard pictograms (GHS-US)	: GHS07		
Signal word (GHS-US)	: Warning		
Hazard statements (GHS-US)	: H315 - Causes skin irritation H319 - Causes serious eye irritation H335 - May cause respiratory irritation		
Precautionary statements (GHS-US)	<ul> <li>P261 - Avoid breathing dust, mist</li> <li>P264 - Wash skin thoroughly after handling</li> <li>P271 - Use only outdoors or in a well-ventilated area</li> <li>P280 - Wear protective gloves/protective clothing/eye protection/face protection</li> <li>P302+P352 - If on skin: Wash with plenty of soap and water</li> <li>P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing</li> <li>P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact</li> <li>lenses, if present and easy to do. Continue rinsing</li> <li>P312 - Call a POISON CENTER or doctor/physician if you feel unwell</li> <li>P321 - Specific treatment (see supplemental first aid instructions on this label)</li> <li>P332+P313 - If skin irritation occurs: Get medical advice/attention</li> <li>P362+P364 - Take off contaminated clothing and wash it before reuse</li> <li>P403+P233 - Store in a well-ventilated place. Keep container tightly closed</li> <li>P405 - Store locked up</li> <li>P501 - Dispose of contents/container to an approved waste disposal plant</li> </ul>		

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.3. Other hazards		
No additional information available		
2.4. Unknown acute toxicity (GHS US)		
Not applicable		
SECTION 3: Composition/information	on on ingredients	
3.1. Substance		
Substance type	: Mono-constituent	
Name	Product identifier % Classification (GHS-US)	
3,5-Dimethyl-2,4,6-trifluorobenzoic acid (Main constituent)	(CAS No) 886762-23-8 <= 100 Skin Irrit. 2, H315 Eye Irrit. 2A, H319 STOT SE 3, H335	
Full text of H-phrases: see section 16		
3.2. Mixture		
Not applicable		
SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible). Move the affected personnel away from the contaminated area.	
First-aid measures after inhalation	: Remove person to fresh air and keep comfortable for breathing. If not breathing, give artific respiration. Get medical advice/attention.	cial
First-aid measures after skin contact	: Wash with plenty of soap and water. Get medical advice/attention.	~~ <i>''</i>
First-aid measures after eye contact	: Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact lens present and easy to do. Continue rinsing. Get medical advice/attention.	es, ir
First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention.		
	cts, both acute and delayed	
Symptoms/injuries		n
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media	<ul> <li>cts, both acute and delayed</li> <li>The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.</li> </ul>	
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media	<ul> <li>cts, both acute and delayed</li> <li>The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.</li> <li>al attention and special treatment needed</li> </ul>	
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.	
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.	
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture	
Symptoms/injuries         4.3.       Indication of any immediate medical reat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the sufficient hazard	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture	à
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release mea	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         ISURES	à
Symptoms/injuries         4.3.       Indication of any immediate medical Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the sufficient term         Fire hazard         5.3.       Advice for firefighters         Protection during firefighting         SECTION 6: Accidental release mea         6.1.       Personal precautions, protective end	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         ISURES         cuipment and emergency procedures	à
Symptoms/injuries         4.3.       Indication of any immediate medical Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the sufficient term         Fire hazard         5.3.       Advice for firefighters         Protection during firefighting         SECTION 6: Accidental release mea         6.1.       Personal precautions, protective end	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         ISURES	à
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release mea 6.1. Personal precautions, protective ex General measures	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protectior".         ISURES         : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do not attempt to take action were adequate air ventilation. Avoid raising dust. Do not attempt output action and appropriate procedures	à
Symptoms/injuries         4.3.       Indication of any immediate medical Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the suffice hazard         5.3.       Advice for firefighters         Protection during firefighting         SECTION 6: Accidental release measonal precautions, protective ending         6.1.       Personal precautions, protective ending         6.1.1.       For non-emergency personnel	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protectior".         ISURES         : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do not attempt to take action were adequate air ventilation. Avoid raising dust. Do not attempt output action and appropriate procedures	à
Symptoms/injuries         4.3.       Indication of any immediate medical Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the sufficience of t	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Hydrogen fluoride.         : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         tsures         quipment and emergency procedures         : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do the breathe dust.	à
Symptoms/injuries         4.3.       Indication of any immediate medical Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media         Suitable extinguishing media         5.2.       Special hazards arising from the sufficience of the sufficienc	cts, both acute and delayed         : The most important known symptoms and effects are described in the labelling (see sectio 2.2) and/or in section 11.         al attention and special treatment needed         : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         ubstance or mixture         : Thermal decomposition generates: Carbon oxides. Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Other information : For disposal of solid materials or residues refer to section 13 : "Disposal considerations".	
6.4. Reference to other sections	i de la constante de la constan
No additional information available	
<b>SECTION 7: Handling and sto</b>	rage
7.1. Precautions for safe handli	ng
Precautions for safe handling	: Ensure good ventilation of the work station. Do not breathe dust. Avoid raising dust. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage, including any incompatibilities	
Storage conditions	: Keep container tightly closed.
Incompatible materials	: Refer to Section 10 on Incompatible Materials.
Storage area	: Store in dry, cool, well-ventilated area.

8.1.	Control parameters	
No add	itional information available	
8.2.	Exposure controls	
Approp	riate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand p	rotection	: Protective gloves.
Eye pro	otection	: Chemical goggles or safety glasses. Face shield.
Skin ar	d body protection	: Wear suitable protective clothing.
D :	atory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.

SECTION 11: Toxicological information				
11.1.	formation on toxicological effects			

Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTION 12: Ecological information				
12.1. Toxicity				
No additional information available				
12.2. Persistence and degradability				
No additional information available				
12.3. Bioaccumulative potential				
No additional information available				
12.4. Mobility in soil				
No additional information available				
12.5. Other adverse effects				
No additional information available				

SECTION 13: Disposal considerations			
13.1. Waste treatment methods			
Waste treatment methods : Remove	to an authorized incinerator equipped with an afterburner and a flue gas scrubber.		
Waste disposal recommendations : Dispose	: Dispose of contents/container in accordance with licensed collector's sorting instructions.
