

4-Fluorobenzoic acid N-methylhydrazide

Safety Data Sheet 4656365 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Date of issue: 06/13/2016 Version: 1.0

SECTION 1: Identification	
1.1. Identification	
Product form	: Substance
Substance name	: 4-Fluorobenzoic acid N-methylhydrazide
CAS No	: 94401-21-5
Product code	: 4656-3-65
Formula	: C8H9FN2O
Other means of identification	: MFCD08461627
1.2. Relevant identified uses of the subs	tance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances Scientific research and development
1.3. Details of the supplier of the safety of	data sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of America T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs.com	<u>n</u>
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identification	
2.1. Classification of the substance or m	ixture
Classification (GHS-US)	
Skin Irrit. 2 H315 - Causes skin irritation Eye Irrit. 2A H319 - Causes serious eye irritat	
STOT SE 3 H335 - May cause respiratory irri Full text of H-phrases: see section 16	
2.2. Label elements	
GHS-US labeling	
Hazard pictograms (GHS-US)	: GHS07
Signal word (GHS-US)	: Warning
Hazard statements (GHS-US)	: H315 - Causes skin irritation H319 - Causes serious eye irritation H335 - May cause respiratory irritation
Precautionary statements (GHS-US)	 P261 - Avoid breathing dust, mist, spray P264 - Wash skin thoroughly after handling P271 - Use only outdoors or in a well-ventilated area P280 - Wear protective gloves/protective clothing/eye protection/face protection P302+P352 - If on skin: Wash with plenty of soap and water P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing P312 - Call a POISON CENTER or doctor/physician if you feel unwell P321 - Specific treatment (see supplemental first aid instructions on this label) P332+P313 - If skin irritation occurs: Get medical advice/attention P337+P313 - If eye irritation persists: Get medical advice/attention P362+P364 - Take off contaminated clothing and wash it before reuse P403+P233 - Store in a well-ventilated place. Keep container tightly closed P405 - Store locked up P501 - Dispose of contents/container to an approved waste disposal plant

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

.3. Other hazards		
lo additional information available		
4. Unknown acute toxicity (GHS US)		
ot applicable		
ECTION 3: Composition/informat	ion on ingredients	
1. Substance		
ubstance type	: Mono-constituent	
Name	Product identifier	% Classification (GHS-US)
4-Fluorobenzoic acid N-methylhydrazide (Main constituent)	(CAS No) 94401-21-5	<= 100 Skin Irrit. 2, H315 Eye Irrit. 2A, H319 STOT SE 3, H335
ull text of H-phrases: see section 16		· · · · ·
2. Mixture		
ot applicable		
ECTION 4: First aid measures		
1. Description of first aid measures		
rst-aid measures general	: In case of accident or if you feel unwell, seek n where possible). Move the affected personnel a	away from the contaminated area.
rst-aid measures after inhalation	: Remove person to fresh air and keep comforta respiration. Get medical advice/attention.	
rst-aid measures after skin contact	: Wash with plenty of soap and water. Get medic	
rst-aid measures after eye contact	: Immediately flush eyes thoroughly with water for present and easy to do. Continue rinsing. Get r	medical advice/attention.
rst-aid measures after ingestion	: Do NOT induce vomiting. Never give anything mouth out with water. Get medical advice/atter	
2. Most important symptoms and effects, both acute and delayed		
ymptoms/injuries	: The most important known symptoms and effer 2.2) and/or in section 11.	cts are described in the labelling (see section
3. Indication of any immediate medi reat symptomatically.	: The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed	cts are described in the labelling (see section
3. Indication of any immediate medi eat symptomatically. ECTION 5: Firefighting measures	: The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed	cts are described in the labelling (see section
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media 	: The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed	
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media uitable extinguishing media 	The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire.	
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Special hazards arising from the 	The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire.	owder. Water spray. Use extinguishing media
reat symptomatically. ECTION 5: Firefighting measures 1. Extinguishing media uitable extinguishing media	The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed : Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture	owder. Water spray. Use extinguishing media
 Indication of any immediate mediate mediate symptomatically. ECTION 5: Firefighting measures 1. Extinguishing media uitable extinguishing media 2. Special hazards arising from the re hazard 3. Advice for firefighters 	The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed : Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture	owder. Water spray. Use extinguishing media
 Indication of any immediate mediate reat symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the re hazard Advice for firefighters refighting instructions 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in 	owder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxide In case of fire: Evacuate area. 	owder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the re hazard Advice for firefighters refighting instructions rotection during firefighting 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section 	owder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release mediate 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section 	owder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate reat symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the fire hazard Advice for firefighters irefighting instructions rotection during firefighting ECTION 6: Accidental release metal 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section 	wder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Special hazards arising from the stree hazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release media Personal precautions, protective eneral measures 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section 	wder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release measures Personal precautions, protective eneral measures 1. For non-emergency personnel 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section 	wder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides. n combination with self contained breathing ion 8: "Exposure controls/personal protection". quate air ventilation. Do not breathe dust.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release media Personal precautions, protective eneral measures For non-emergency personnel mergency procedures 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section equipment and emergency procedures Evacuate unnecessary personnel. Ensure adea 	wder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides. n combination with self contained breathing ion 8: "Exposure controls/personal protection". quate air ventilation. Do not breathe dust.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release media Personal precautions, protective eneral measures For non-emergency personnel mergency procedures For emergency responders 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section equipment and emergency procedures Evacuate unnecessary personnel. Ensure adea 	wwder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides. n combination with self contained breathing ion 8: "Exposure controls/personal protection". quate air ventilation. Do not breathe dust. e protective equipment may intervene.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Extinguishing media Special hazards arising from the rehazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release media Personal precautions, protective eneral measures For non-emergency personnel mergency procedures For emergency responders rotective equipment 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry po appropriate for surrounding fire. substance or mixture Thermal decomposition generates: Carbon oxid In case of fire: Evacuate area. Wear gas tight chemically protective clothing in apparatus. For further information refer to section easures equipment and emergency procedures Evacuate unnecessary personnel. Ensure aded Only qualified personnel equipped with suitable Do not attempt to take action without suitable personnel. 	wwder. Water spray. Use extinguishing media des. Hydrogen fluoride. Nitrogen oxides. n combination with self contained breathing ion 8: "Exposure controls/personal protection". quate air ventilation. Do not breathe dust. e protective equipment may intervene.
 Indication of any immediate mediate symptomatically. ECTION 5: Firefighting measures Extinguishing media Special hazards arising from the re hazard Advice for firefighters refighting instructions rotection during firefighting ECTION 6: Accidental release media Personal precautions, protective eneral measures For non-emergency personnel mergency procedures For emergency responders rotective equipment Environmental precautions 	 The most important known symptoms and effer 2.2) and/or in section 11. cal attention and special treatment needed Alcohol resistant foam. Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Methods for cleaning up	: Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.
Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4. Reference to other sections	
No additional information available	
SECTION 7: Handling and stor	age
7.1. Precautions for safe handling	g
Precautions for safe handling	Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe dust, mist, spray. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2. Conditions for safe storage,	including any incompatibilities
Technical measures	: Comply with applicable regulations.
Storage conditions	: Keep container closed when not in use.
Incompatible materials	: Refer to Section 10 on Incompatible Materials.
-	

Storage area : Store in dry, cool, well-ventilated area.

SECTION 8: Exposure controls/personal protection

8.1. **Control parameters**

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Other information	: Safety shoes. 29 CFR 1910.136: Foot Protection.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical an	nd chemical properties
Physical state	: Solid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
pH	: No data available
Melting point	: 73.4 - 75.5 °C
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 168.17 g/mol
Solubility	: No data available
Log Pow	: No data available

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

	/ Monday, March 26, 2012 / Rules and Regulations
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available
9.2. Other information	
No additional information available	
SECTION 10: Stability and rea	ctivity
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
The product is stable at normal handling	and storage conditions.
10.3. Possibility of hazardous rea	ctions
No additional information available	
10.4. Conditions to avoid	
Keep away from heat, sparks and flame	
10.5. Incompatible materials	
Strong oxidizing agents.	
10.6. Hazardous decomposition p	products
Under normal conditions of storage and fire, see Section 5.	use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of
SECTION 11: Toxicological in	formation
11.1. Information on toxicologica	leffects
Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.

Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTI	ON 12: Ecological information
12.1.	Toxicity
No addit	tional information available
12.2.	Persistence and degradability
No addit	tional information available
12.3.	Bioaccumulative potential
No addit	tional information available
12.4.	Mobility in soil
No addit	tional information available
12.5.	Other adverse effects
No addit	tional information available

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 13: Disposal considerations		
13.1. Waste treatment methods		
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.	
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.	
Additional information	: Recycle the material as far as possible.	

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT Not regulated for transport

TDG

No additional information available

Transport by sea

No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

4-Fluorobenzoic acid N-methylhydrazide	CAS No 94401-21-5	100%

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

15.2. International regulations

CANADA

No additional information available

EU-Regulations No additional information available

National regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Full text of H-phrases:

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

NFPA health hazard: 2 - Intense or continued exposure could cause temporary incapacitation or possible residual injury unless prompt medical attention is given.NFPA fire hazard: 0 - Materials that will not burn.NFPA reactivity: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.HMIS III Rating Health: 2 Moderate Hazard - Temporary or minor injury may occurFlammability: 0 Minimal Hazard - Materials that will not burnPhysical: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react.
