

Safety Data Sheet 66603T8

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations Version: 1.0

Date of issue: 10/05/2015

SECTION 1: Identification		
1.1. Identification		
Product form	: Substance	
Substance name : 2-Fluoro-4-(methoxycarbonyl)benzeneboronic acid		
CAS No	: 603122-84-5	
Product code	: 6660-3-T8	
Formula	: C8H8BFO4	
Synonyms	: Methyl 4-borono-3-fluorobenzoate	
Other means of identification	: MFCD08436034	
1.2. Relevant identified uses of the substa	ance or mixture and uses advised against	
Use of the substance/mixture	: Laboratory chemicals	
	Manufacture of substances	
	Scientific research and development	
1.3. Details of the supplier of the safety data	ata sheet	
SynQuest Laboratories, Inc.		
P.O. Box 309 Alachua, FL 32615 - United States of America		
T (386) 462-0788 - F (386) 462-7097		
info@synquestlabs.com - www.synquestlabs.com		
1.4. Emergency telephone number		
Emergency number	: (844) 523-4086 (3E Company - Account 10069)	
SECTION 2: Hazard(s) identification		
2.1. Classification of the substance or mi	xture	
Classification (GHS-US)		
Skin Irrit. 2 H315 - Causes skin irritation Eye Irrit. 2A H319 - Causes serious eye irritation	nc	
STOT SE 3 H335 - May cause respiratory irrita		
Full text of H-phrases: see section 16		
·		
2.2. Label elements		
GHS-US labeling		
Hazard pictograms (GHS-US)		
	GHS07	
Signal word (GHS-US)	: Warning	
Hazard statements (GHS-US)	: H315 - Causes skin irritation	
	H319 - Causes serious eye irritation	
Procentionary statements (CHS LIS)	H335 - May cause respiratory irritation	
Precautionary statements (GHS-US)	: P261 - Avoid breathing dust, mist P264 - Wash skin thoroughly after handling	
	P271 - Use only outdoors or in a well-ventilated area	
	P280 - Wear protective gloves/protective clothing/eye protection/face protection	
	P302+P352 - If on skin: Wash with plenty of soap and water P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing	
	P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact	
	lenses, if present and easy to do. Continue rinsing	
P312 - Call a POISON CENTER or doctor/physician if you feel unwell		
	P321 - Specific treatment (see supplemental first aid instructions on this label) P332+P313 - If skin irritation occurs: Get medical advice/attention	
	P337+P313 - If eye irritation persists: Get medical advice/attention	
	P362+P364 - Take off contaminated clothing and wash it before reuse	
	P403+P233 - Store in a well-ventilated place. Keep container tightly closed	

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

P405 - Store locked up

P501 - Dispose of contents/container to an approved waste disposal plant

2.2) and/or in section 11.       2.2) and/or in section 11.         4.3. Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media </th <th></th> <th></th> <th></th> <th></th> <th></th>

Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do n breathe dust.         6.1.       For non-emergency personnel       Ensure adequate air ventilation. Avoid raising					
4.2.       Most important symptoms and effects, both acute and delayed         Symptoms/injuries       The most important known symptoms and effects are described in the labelling (see sectior 2.2) and/or in section 11.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen fluoride         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do no breathe dust.         6.1.1.       For non-emergency personnel       Emergency procedures         Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         6.1.2.       For emergency responders	First-aid measures after eye contact				
Symptoms/injuries       : The most important known symptoms and effects are described in the labelling (see section 2.2) and/or in section 11.         4.3.       Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen fluoride         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do n breathe dust.         6.1.       For non-emergency personnel       : Only qualified personnel equipped with suitable protective equipment may intervene.         6.1.2.       For emergency responders       : Only qualified personnel equipped with suitable protective equipment may intervene.					
2.2) and/or in section 11.         4.3. Indication of any immediate medical attention and special treatment needed         Treat symptomatically.         SECTION 5: Firefighting measures         5.1. Extinguishing media         Suitable extinguishing media         Suitable extinguishing media         Section appropriate for surrounding fire.         5.2. Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen fluoride         5.3. Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do n breathe dust.         6.1.1. For non-emergency personnel       : Only qualified personnel equipped with suitable protective equipment may intervene.         6.1.2. For emergency responders       : Only qualified personnel equipped with suitable protective equipment may intervene.	4.2. Most important symptoms and effec	ts, both	acute and delayed		
Treat symptomatically.         SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen fluoride         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures       6.1.         6.1.       Personal precautions, protective equipment and emergency procedures         General measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. Do n breathe dust.         6.1.1.       For non-emergency personnel         Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         6.1.2.       For emergency responders					
SECTION 5: Firefighting measures         5.1.       Extinguishing media         Suitable extinguishing media       : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing media appropriate for surrounding fire.         5.2.       Special hazards arising from the substance or mixture         Fire hazard       : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen fluoride         5.3.       Advice for firefighters         Protection during firefighting       : Do not attempt to take action without suitable protective equipment. Avoid release to the environment. Notify authorities if product enters sewers or public waters.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.3. Methods and material for containment and cleaning up				
Method	s for cleaning up formation	<ul> <li>Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.</li> <li>For disposal of solid materials or residues refer to section 13 : "Disposal considerations".</li> </ul>		
6.4.	Reference to other sections			
No additional information available				
SECTION 7: Handling and storage				
7.1.	Precautions for safe handling			

Precautions for safe handling	: Ensure good ventilation of the work station. Do not breathe dust. Avoid raising dust. Wear personal protective equipment. Avoid contact with skin and eyes.	
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.	
7.2. Conditions for safe storage, includi	ing any incompatibilities	
Storage conditions	: Keep container tightly closed.	
Incompatible materials	: Refer to Section 10 on Incompatible Materials.	

Storage area	: Store in dry, cool, well-ventilated area.

### SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves.
Eye protection	: Chemical goggles or safety glasses. Face shield.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.

### **SECTION 9: Physical and chemical properties**

9.1. Information on basic physical and	I chemical properties		
Physical state	: Solid		
Color	: No data available		
Odor	: No data available		
Odor threshold	: No data available		
рН	: No data available		
Melting point	: 173 - 175		
Freezing point	: No data available		
Boiling point	: No data available		
Flash point	: No data available		
Relative evaporation rate (butyl acetate=1)	: No data available		
Flammability (solid, gas)	: No data available		
Explosion limits	: No data available		
Explosive properties	: No data available		
Oxidizing properties	: No data available		
Vapor pressure	: No data available		
Relative density	: No data available		
Relative vapor density at 20 °C	: No data available		
Molecular mass	: 197.96 g/mol		
Solubility	: No data available		
Log Pow	: No data available		
Auto-ignition temperature	: No data available		
Decomposition temperature	: No data available		
Viscosity	: No data available

SECT	ION 11: Toxicological informati	ion
11.1.	Information on toxicological effects	

Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTI	ON 12: Ecological information				
12.1.	Toxicity				
No addit	ional information available				
12.2.	Persistence and degradability				
No addit	ional information available				
12.3.	Bioaccumulative potential				
No addit	No additional information available				
12.4.	Mobility in soil				
No addit	ional information available				
12.5.	Other adverse effects				
No addit	ional information available				

SECTION 13: Disposal considerations				
13.1. Waste treatment methods				
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.			

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Waste disposal recommendations

: Dispose of contents/container in accordance with licensed collector's sorting instructions.

### **SECTION 14: Transport information**

Department of Transportation (DOT) In accordance with DOT

Not regulated for transport

#### TDG

No additional information available

#### Transport by sea

No additional information available

#### Air transport

No additional information available

#### **SECTION 15: Regulatory information**

#### 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

2-Fluoro-4-(methoxycarbonyl)benzeneboronic acid	CAS No 603122-84-5	100%	

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

#### 15.2. International regulations

#### CANADA

No additional information available

EU-Regulations No additional information available

#### **National regulations**

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

#### **SECTION 16: Other information**

Full text of H-phrases:

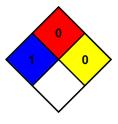

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

#### NFPA health hazard

: 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.

NFPA fire hazard NFPA reactivity

- : 0 Materials that will not burn.
- : 0 Normally stable, even under fire exposure conditions, and are not reactive with water.

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

HMIS III Rating	
Health	: 1 Slight Hazard - Irritation or minor reversible injury possible
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
