

Safety Data Sheet 6H60300

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 10/05/2015 Version: 1.0

Date of is	sue: 10/05/2015 Version: 1.0			
SECTION 1: Identification				
1.1. Identification				
Product form : Substance				
Substance name	: 3,5-Difluorobenzenebornoic acid neopentyl glycol cyclic ester			
Product code	: 6H60-3-00			
Formula	: C11H13BF2O2			
Other means of identification				
1.2. Relevant identified uses of the subs	tance or mixture and uses advised against			
1.2. Relevant identified uses of the substance or mixture and uses advised against Use of the substance/mixture : Laboratory chemicals Manufacture of substances Scientific research and development				
1.3. Details of the supplier of the safety of	data sheet			
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of America T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs.com 1.4. Emergency telephone number	<u>n</u>			
Emergency number	: (844) 523-4086 (3E Company - Account 10069)			
SECTION 2: Hererd(a) identification				
SECTION 2: Hazard(s) identification 2.1. Classification of the substance or m				
Classification (GHS-US)	IXture			
Skin Irrit. 2 H315 - Causes skin irritation Eye Irrit. 2A H319 - Causes serious eye irritation STOT SE 3 H335 - May cause respiratory irritation Full text of H-phrases: see section 16 2.2. Label elements				
GHS-US labeling				
Hazard pictograms (GHS-US)	GHS07			
Signal word (GHS-US)	: Warning			
Hazard statements (GHS-US)	: H315 - Causes skin irritation H319 - Causes serious eye irritation H335 - May cause respiratory irritation			
Precautionary statements (GHS-US)	 P261 - Avoid breathing dust, mist P264 - Wash skin thoroughly after handling P271 - Use only outdoors or in a well-ventilated area P280 - Wear protective gloves/protective clothing/eye protection/face protection P302+P352 - If on skin: Wash with plenty of soap and water P304+P340 - If inhaled: Remove person to fresh air and keep comfortable for breathing P305+P351+P338 - If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing P312 - Call a POISON CENTER or doctor/physician if you feel unwell P321 - Specific treatment (see supplemental first aid instructions on this label) P332+P313 - If skin irritation occurs: Get medical advice/attention P362+P364 - Take off contaminated clothing and wash it before reuse P403+P233 - Store in a well-ventilated place. Keep container tightly closed P405 - Store locked up P501 - Dispose of contents/container to an approved waste disposal plant 			
10/00/0010				

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

2.3. Other hazards		
No additional information available		
2.4. Unknown acute toxicity (GHS US)		
Not applicable		
SECTION 3: Composition/information	on on ingredients	
3.1. Substance		
Substance type	: Mono-constituent	
Name	Product identifier % Classification (GHS-U	IS)
3,5-Difluorobenzenebornoic acid neopentyl glycol cy (Main constituent)	clic ester <= 100 Skin Irrit. 2, H315 Eye Irrit. 2A, H319 STOT SE 3, H335	
Full text of H-phrases: see section 16		
3.2. Mixture		
Not applicable		
SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	: In case of accident or if you feel unwell, seek medical advice immediately (show the la where possible). Move the affected personnel away from the contaminated area.	
First-aid measures after inhalation	: Remove person to fresh air and keep comfortable for breathing. If not breathing, give a respiration. Get medical advice/attention.	rtificial
First-aid measures after skin contact	: Wash with plenty of soap and water. Get medical advice/attention.	longos "
First-aid measures after eye contact	: Immediately flush eyes thoroughly with water for at least 15 minutes. Remove contact present and easy to do. Continue rinsing. Get medical advice/attention.	
First-aid measures after ingestion : Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get medical advice/attention.		
4.2. Most important symptoms and effects, both acute and delayed		
	ects, both acute and delayed	
Symptoms/injuries		ection
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media	 ects, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. 	
Symptoms/injuries 4.3. Indication of any immediate medicate Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media	 Ects, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. 	
Symptoms/injuries 4.3. Indication of any immediate medicate symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su	 Ects, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. 	ledia
Symptoms/injuries 4.3. Indication of any immediate medica Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. Ubstance or mixture 	ledia
Symptoms/injuries 4.3. Indication of any immediate medicateria symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard 5.3. Advice for firefighters	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. Ubstance or mixture 	edia oride.
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see see 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". 	edia oride.
Symptoms/injuries 4.3. Indication of any immediate medicateria symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffire hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see see 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". 	edia oride.
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures 6.1. Personal precautions, protective explanations	ects, both acute and delayed : The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. al attention and special treatment needed : Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. ubstance or mixture : Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue : Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection".	edia oride. tion
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release meas 6.1. Personal precautions, protective endications General measures	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. Ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". 	edia oride. tion
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures 6.1. Personal precautions, protective endications Seneral measures 6.1.1. For non-emergency personnel	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. Ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". 	edia oride. tion
Symptoms/injuries 4.3. Indication of any immediate medic: Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the su Fire hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release mea 6.1. Personal precautions, protective e General measures 6.1.1. For non-emergency personnel Emergency procedures	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see see 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. Ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". Cupment and emergency procedures Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. breathe dust. 	edia oride. tion
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures 6.1. Personal precautions, protective effective effective personnel Emergency procedures 6.1.2. For emergency responders	 Cts, both acute and delayed The most important known symptoms and effects are described in the labelling (see see 2.2) and/or in section 11. Cal attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing mappropriate for surrounding fire. Ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flue Do not attempt to take action without suitable protective equipment. For further informative refer to section 8: "Exposure controls/personal protection". Cupment and emergency procedures Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. breathe dust. 	edia oride. ttion
Symptoms/injuries 4.3. Indication of any immediate medic. Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media S.1. Special hazards arising from the suffice hazard 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures 6.1. Personal precautions, protective effective effective effective effective procedures 6.1.1. For non-emergency personnel Emergency procedures 6.1.2. 6.1.2. For emergency responders Protective equipment	 Exts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flu Do not attempt to take action without suitable protective equipment. For further informar refer to section 8: "Exposure controls/personal protection". asures Quipment and emergency procedures Evacuate unnecessary personnel. Ensure adequate air ventilation. Avoid raising dust. breathe dust. Only qualified personnel equipped with suitable protective equipment. For further information in the dust. 	edia oride. ttion
Symptoms/injuries 4.3. Indication of any immediate medic: Treat symptomatically. SECTION 5: Firefighting measures 5.1. Extinguishing media Suitable extinguishing media Suitable extinguishing media 5.2. Special hazards arising from the suffice hazard 5.3. Advice for firefighters Protection during firefighting SECTION 6: Accidental release measures 6.1. Personal precautions, protective effective effective effective equipment 6.1.2. For emergency responders Protective equipment 6.2.	 acts, both acute and delayed The most important known symptoms and effects are described in the labelling (see se 2.2) and/or in section 11. al attention and special treatment needed Alcohol resistant foam. Carbon dioxide. Dry powder. Water spray. Use extinguishing m appropriate for surrounding fire. ubstance or mixture Thermal decomposition generates: Borane/boron oxides. Carbon oxides. Hydrogen flu Do not attempt to take action without suitable protective equipment. For further informat refer to section 8: "Exposure controls/personal protection". assures Only qualified personnel equipped with suitable protective equipment may intervene. Do not attempt to take action without suitable protective equipment may intervene. 	edia oride. ttion

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Other information		: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
6.4.	Reference to other sections	
No addi	itional information available	
SECT	ION 7: Handling and stora	ge
7.1.	Precautions for safe handling	
Precaut	tions for safe handling	: Ensure good ventilation of the work station. Do not breathe dust. Avoid raising dust. Wear personal protective equipment. Avoid contact with skin and eyes.
Hygiene	e measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.
7.2.	Conditions for safe storage, ir	cluding any incompatibilities
Storage	e conditions	: Keep container tightly closed.
Incomp	atible materials	: Refer to Section 10 on Incompatible Materials.
Storage	e area	: Store in dry, cool, well-ventilated area.

8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves.
Eye protection	: Chemical goggles or safety glasses. Face shield.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical an	I chemical properties
Physical state	: Solid
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
рН	: No data available
Melting point	: No data available
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 226.03 g/mol
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available
Viscosity	: No data available
Viscosity, kinematic	: No data available
Viscosity, dynamic	: No data available

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

9.2.	Other information			
No addit	No additional information available			
SECTI	ON 10: Stability and reactivity			
10.1.	Reactivity			
No addit	ional information available			
10.2.	Chemical stability			
The proc	luct is stable at normal handling and storage conditions.			
10.3.	Possibility of hazardous reactions			
No addit	ional information available			
10.4.	Conditions to avoid			
No addit	ional information available			
10.5.	Incompatible materials			
No addit	ional information available			
10.6.	Hazardous decomposition products			
	ormal conditions of storage and use, hazardous decomposition products should not be produced. Hazardous decomposition products in case of Section 5.			

SECTION 11: Toxicological information					
11.1.	Information on toxicological effects				

Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTION 12: Ecological information		
12.1. Toxicity		
No additional information available		
12.2. Persistence and degradability		
No additional information available		
12.3. Bioaccumulative potential		
No additional information available		
12.4. Mobility in soil		
No additional information available		
12.5. Other adverse effects		
No additional information available		

SECTIO	SECTION 13: Disposal considerations		
13.1.	Waste treatment methods		
Waste treatment methods		: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.	
Waste disposal recommendations		: Dispose of contents/container in accordance with licensed collector's sorting instructions.	

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT

Not regulated for transport

TDG

No additional information available

Transport by sea

No additional information available

Air transport

No additional information available

SECTION 15: Regulatory information

15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

3,5-Difluorobenzenebornoic acid neopentyl glycol cyclic ester	CAS No	100%	

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

15.2. International regulations

CANADA

No additional information available

EU-Regulations

No additional information available

National regulations

No additional information available

15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

SECTION 16: Other information

Full text of H-phrases:

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A	
Skin Irrit. 2	Skin corrosion/irritation Category 2	
STOT SE 3	Specific target organ toxicity (single exposure) Category 3	
H315	Causes skin irritation	
H319	Causes serious eye irritation	
H335	May cause respiratory irritation	

Evenes and a second initetion but only miner residuel

NFPA health hazard

NEPA nealth nazard	injury even if no treatment is given.	
NFPA fire hazard	: 0 - Materials that will not burn.	
NFPA reactivity	: 0 - Normally stable, even under fire exposure conditions, and are not reactive with water.	

. .

•

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

HMIS III Rating	
Health	: 1 Slight Hazard - Irritation or minor reversible injury possible
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
