

# 5-Fluoropyridine-3-boronic acid, pinacol ester Safety Data Sheet 8H60313 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Date of issue: 10/05/2015 Version: 1.0

SECTION 1: Identification			
1.1. Identification			
Product form	: Substance		
Substance name	: 5-Fluoropyridine-3-boronic acid, pina	col ester	
CAS No	: 719268-92-5		
Product code	: 8H60-3-13		
Formula	: C11H15BFNO2		
Synonyms		-dioxaborolan-2-yl)pyridine; 2-(5-Fluoropyridin-	-3-yl)-
Other means of identification	4,4,5,5-tetramethyl-1,3,2-dioxaborola MFCD07780754		
Other means of identification			
	ance or mixture and uses advised ag	ainst	
Use of the substance/mixture	: Laboratory chemicals		
	Manufacture of substances Scientific research and development		
4.0 Details of the same line of the opticity	•		
1.3. Details of the supplier of the safety of	iata sneet		
SynQuest Laboratories, Inc. P.O. Box 309			
Alachua, FL 32615 - United States of America

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

6.3.	Methods and material for contain	ment and cleaning up		
Methods for cleaning up		: Sweep or shovel spills into appropriate container for disposal. Minimize generation of dust.		
Other information		: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".		
6.4.	Reference to other sections			
No additional information available				

7.1. Precautions for safe handling			
Precautions for safe handling	: Ensure good ventilation of the work station. Do not breathe dust. Avoid raising dust. Wear personal protective equipment. Avoid contact with skin and eyes.		
Hygiene measures	: Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.		
7.2. Conditions for safe storage, inclue	ding any incompatibilities		
Storage conditions	: Keep container tightly closed.		
Incompatible materials	: Refer to Section 10 on Incompatible Materials.		
Storage area	: Store in dry, cool, well-ventilated area.		

# SECTION 8: Exposure controls/personal protection 8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure.
Hand protection	: Protective gloves.
Eye protection	: Chemical goggles or safety glasses. Face shield.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.

# **SECTION 9: Physical and chemical properties**

9.1. Information on basic physical an	d chemical properties		
Physical state	: Solid		
Color	: No data available		
Odor	: No data available		
Odor threshold	: No data available		
рН	: No data available		
Melting point	: No data available		
Freezing point	: No data available		
Boiling point	: No data available		
Flash point	: No data available		
Relative evaporation rate (butyl acetate=1)	: No data available		
Flammability (solid, gas)	: No data available		
Explosion limits	: No data available		
Explosive properties	: No data available		
Oxidizing properties	: No data available		
Vapor pressure	: No data available		
Relative density	: No data available		
Relative vapor density at 20 °C	: No data available		
Molecular mass	: 223.05 g/mol		
Solubility	: No data available		
Log Pow	: No data available		
Auto-ignition temperature	: No data available		
Decomposition temperature	: No data available		
Viscosity	: No data available

# 5-Fluoropyridine-3-boronic acid, pinacol ester Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

	ederal Register / Vol. 77, No. 58 / Monday, N	
Viscosity, ki		: No data available
Viscosity, d	ynamic	: No data available
9.2. O	ther information	
No addition	al information available	
SECTION	10: Stability and reactivity	
10.1. R	eactivity	
No addition	al information available	
10.2. C	hemical stability	
The product	t is stable at normal handling and stora	age conditions.
10.3. P	ossibility of hazardous reactions	
No addition	al information available	
10.4. C	onditions to avoid	
No addition	al information available	
10.5. In	compatible materials	
No addition	al information available	
10.6. H	azardous decomposition products	
Under norm fire, see Se		ardous decomposition products should not be produced. Hazardous decomposition products in case of
SECTION	N 11: Toxicological information	on
11.1. In	formation on toxicological effects	
Acute toxici	tv	: Not classified

Acute toxicity	: Not classified
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/irritation	: Causes serious eye irritation.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified

SECTI	ON 12: Ecological information
12.1.	Toxicity
No addit	onal information available
12.2.	Persistence and degradability
No addit	onal information available
12.3.	Bioaccumulative potential
No addit	onal information available
12.4.	Mobility in soil
No addit	onal information available
12.5.	Other adverse effects
No addit	onal information available

SECT	SECTION 13: Disposal considerations			
13.1.	Waste treatment methods			
Waste t	reatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.		

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Waste disposal recommendations

: Dispose of contents/container in accordance with licensed collector's sorting instructions.

# **SECTION 14: Transport information**

Department of Transportation (DOT) In accordance with DOT

Not regulated for transport

## TDG

No additional information available

#### Transport by sea

No additional information available

### Air transport

No additional information available

## **SECTION 15: Regulatory information**

## 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

		,	
5-Fluoropyridine-3-b	oronic ac	id. pinad	col ester

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

CAS No 719268-92-5

### 15.2. International regulations

#### CANADA

No additional information available

EU-Regulations No additional information available

#### **National regulations**

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

## **SECTION 16: Other information**

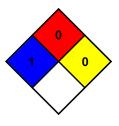

#### Full text of H-phrases:

Eye Irrit. 2A	Serious eye damage/eye irritation Category 2A
Skin Irrit. 2	Skin corrosion/irritation Category 2
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H315	Causes skin irritation
H319	Causes serious eye irritation
H335	May cause respiratory irritation

#### NFPA health hazard

 : 1 - Exposure could cause irritation but only minor residual injury even if no treatment is given.
 : 0 - Materials that will not burn.

- NFPA fire hazard NFPA reactivity
- : 0 Normally stable, even under fire exposure conditions, and are not reactive with water.

100%

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

HMIS III Rating	
Health	: 1 Slight Hazard - Irritation or minor reversible injury possible
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.
