

Safety Data Sheet M016206 according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

1.1. Identification	
Product form	: Substance
Substance name	: Sulfuryl oxytetrafluoride
CAS No	: 13709-54-1
Product code	: M016-2-06
Formula	: F4OS
Synonyms	: Sulfur oxytetrafluoride; Sulfur tetrafluoride oxide; Thionyl tetrafluoride
Other means of identification	: MFCD00236740
1.2. Relevant identified uses of the s	substance or mixture and uses advised against
Use of the substance/mixture	: Laboratory chemicals Manufacture of substances
	Scientific research and development
1.3. Details of the supplier of the safe	ety data sheet
SynQuest Laboratories, Inc. P.O. Box 309 Alachua, FL 32615 - United States of Americ	ca
T (386) 462-0788 - F (386) 462-7097 info@synquestlabs.com - www.synquestlabs	S.COM
1.4. Emergency telephone number	
Emergency number	: (844) 523-4086 (3E Company - Account 10069)
SECTION 2: Hazard(s) identificati	ion
2.1. Classification of the substance of	or mixture
Classification (GHS-US)	
Acute Tox. 1 (Inhalation) H330 - Fatal if ir	nhaled
Skin Corr. 1BH314 - CausesEye Dam. 1H318 - CausesSTOT SE 3H335 - May cau	nhaled severe skin burns and eye damage serious eye damage ise respiratory irritation
Skin Corr. 1BH314 - CausesEye Dam. 1H318 - CausesSTOT SE 3H335 - May cauFull text of H-phrases: see section 16	severe skin burns and eye damage serious eye damage

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

	P310 - Immediately call a POISON P320 - Specific treatment is urgent P321 - Specific treatment (see supp P363 - Wash contaminated clothing P403+P233 - Store in a well-ventila P405 - Store locked up P410+P403 - Protect from sunlight. P501 - Dispose of contents/contain	(see supplemental first plemental first aid instru- g before reuse ated place. Keep contain . Store in a well-ventilate	aid instructions on this label) ctions on this label) er tightly closed ed place
2.3. Other hazards			
Other hazards not contributing to the classification	: Risk of explosion if heated under co	onfinement.	
2.4. Unknown acute toxicity (GHS UNOT applicable	US)		
SECTION 3: Composition/inform	nation on ingredients		
3.1. Substance			
Substance type	: Mono-constituent		
Name	Product identifier	%	Classification (GHS-US)
Sulfuryl oxytetrafluoride (Main constituent)	(CAS No) 13709-54-1	<= 100	Simple Asphy, H380 Liquefied gas, H280 Acute Tox. 1 (Inhalation), H330 Skin Corr. 1B, H314 Eye Dam. 1, H318 STOT SE 3, H335
Full text of H-phrases: see section 16			
3.2. Mixture			
Not applicable			
SECTION 4: First aid measures			
4.1. Description of first aid measur	res		
First-aid measures general	: In case of accident or if you feel un		
First-aid measures after inhalation	where possible). Move the affected : Remove person to fresh air and kee		
	respiration. Get immediate medical		ning. If for breathing, give artificial
First-aid measures after skin contact	<ul> <li>Wash with plenty of soap and water contact, wearing rubber gloves rub area for 1.5 hours or until further me advice/attention.</li> </ul>	2.5% calcium gluconate	
First-aid measures after eye contact	: Remove contact lenses, if present and easy to do. Continue rinsing. Immediately flush eyes thoroughly with water for at least 15 minutes. Get immediate medical advice/attention.		
First-aid measures after ingestion	: Due to its physical form, exposure to this chemical is not likely. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth out with water. Get immediate medical advice/attention.		
4.2. Most important symptoms and	d effects, both acute and delayed		
Symptoms/injuries	: The most important known symptor 2.2) and/or in section 11.		2.1
Symptoms/injuries after inhalation	: May cause drowsiness or dizziness membranes and upper respiratory t		
	edical attention and special treatment nee	ded	
No additional information available			
SECTION 5: Firefighting measur	res		
5.1. Extinguishing media			
Suitable extinguishing media	: Alcohol resistant foam. Carbon diox appropriate for surrounding fire.	xide. Dry powder. Water	spray. Use extinguishing media
5.2. Special hazards arising from the	he substance or mixture		
Fire hazard	: Sulfur oxides. Hydrogen fluoride.		
		explode if heated. Use	water spray or fog for cooling
Explosion hazard	exposed containers.		
Explosion hazard			
Explosion hazard			e risk of explosion.

apparatus. For further information refer to section 8: "Exposure controls/personal protection".         SECTION 6: Accidental release measures         St.       Personal precautions, protective equipment and emergency procedures         Beneral measures       Evacuate unnecessary personnel. Ensure adequate air ventilation. May cause suffocation by reducing oxygen available for breathing. Do not breathe gas, fumes, vapor or spray.         St.1.       For non-emergency personnel         Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         St.2.       For emergency responders         Protective equipment       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         Emergency procedures       : Casi/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         St.2.       Environment. Notify authorities if product enters severs or public waters.         St.3.       Methods and material for containment and cleaning up         For containment       : Stop leak if asfe to do so.         Velotid release to the environment. Notify authorities if product enters severs or public waters.         St.4.       Reference to other sections         Stop leak if asfe to do so.       Ventilate area.         Other information available       Stopeleak if asfe to do so.	according to Federal Register / Vol. 77, No. 58 / Monday	, March 26, 2012 / Rules and Regulations
3.1. Personal precautions, protective equipment and emergency procedures         3 General measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. May cause suffocation by reducing oxygen available for breathing. Do not breathe gas, fumes, vapor or spray.         3.1.1. For non-emergency personnel       : Only qualified personnel equipped with suitable protective equipment. May intervene.         3.1.2. For emergency responders       : On not attempt to take action without suitable protective equipment. For further information refer to section 8: "Exposure controls/personal protection".         5.1.2. Environmental precautions       : Gas/vapor heavier than air. May accumulate in confined spaces, particularly at or below ground level.         5.2. Environmental precautions       : Stop leak if safe to do so.         7 corontainment       : Stop leak if safe to do so.         9 corontainment       : Stop leak if safe to do so.         9 corontainment       : Stop leak if safe to do so.         9 corontainment       : Stop leak.         9 corontainment       : Stop leak.         9 corontainment       : Profusoral of solid materials or residues refer to section 13 : "Disposal considerations".         9 corontainment       : Pressurized container: Do not pierce or burn, even after use. Close valve after each use and when processed         9 corontainment       : Pressurized container: Do not pierce or burn, even after use. Close valve after each use and went initor of the work station. Do not breathe fumes, gas,	Protection during firefighting	
Beneral measures       : Evacuate unnecessary personnel. Ensure adequate air ventilation. May cause suffocation by reducing oxygen available for breathing. Do not breathe gas, turnes, vapor or spray.         S.1.1. For non-emergency personnel       : Only qualified personnel equipped with suitable protective equipment may intervene.         S.1.2. For emergency responders       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8. "Exposure controls/personal protection".         Emergency procedures       : Do not attempt to take action without suitable protective equipment. For further information refer to section 8. "Exposure controls/personal protection".         S.2. Environmental precautions       May accumulate in confined spaces, particularly at or below ground level.         S.3. Methods and material for containment and cleaning up       For disposal of solid materials or residues refer to section 13 : "Disposal considerations".         S.4. Reference to other sections       Ventilate area.         No additional information available       : Pressurized container. Do not pierce or burn, even after use. Close valve after each use and when empty.         Precautions for safe handling       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation. Do not breathe furnes, gas, mist, spray, vapors. Wear personal protective equipment. Always wash hands after handling the product.         Precautions for safe handling       : Socurely chain cylinders when in use and protect against physical damage.         * Precautions for safe handli	<b>SECTION 6: Accidental release mea</b>	sures
a.1.1. For non-emergency personnel         Emergency procedures       : Only qualified personnel equipped with suitable protective equipment may intervene.         b.1.2. Precautions for safe handling       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.         Safe handling of the gas receptacle       : Securely chain cylinders when in use and protect against physical damage.         Hygiene measures       : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.         7.2.       Conditions for safe storage, including any incompatibilities         Fechnical measures       : Comply with applicable regulations.         Storage conditions       : Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use.         ncompatible materials       : Refer to Section 10 on Incompatible Materials.	For containment	: Stop leak if safe to do so.
6.4. Reference to other sections         No additional information available         SECTION 7: Handling and storage         7.1. Precautions for safe handling         Additional hazards when processed       : Pressurized container: Do not pierce or burn, even after use. Close valve after each use and when empty.         Precautions for safe handling       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.         Safe handling of the gas receptacle       : Securely chain cylinders when in use and protect against physical damage.         Hygiene measures       : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.         7.2. Conditions for safe storage, including any incompatibilities         Technical measures       : Comply with applicable regulations.         Storage conditions       : Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use.         noompatible materials       : Refer to Section 10 on Incompatible Materials.	Methods for cleaning up	: Ventilate area.
No additional information available         SECTION 7: Handling and storage         7.1. Precautions for safe handling         Additional hazards when processed       : Pressurized container: Do not pierce or burn, even after use. Close valve after each use and when empty.         Precautions for safe handling       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.         Safe handling of the gas receptacle       : Securely chain cylinders when in use and protect against physical damage.         Hygiene measures       : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.         7.2.       Conditions for safe storage, including any incompatibilities         Technical measures       : Comply with applicable regulations.         Storage conditions       : Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use.         ncompatible materials       : Refer to Section 10 on Incompatible Materials.	Other information	: For disposal of solid materials or residues refer to section 13 : "Disposal considerations".
SECTION 7: Handling and storage         7.1. Precautions for safe handling         Additional hazards when processed       : Pressurized container: Do not pierce or burn, even after use. Close valve after each use and when empty.         Precautions for safe handling       : Do not handle until all safety precautions have been read and understood. Ensure good ventilation of the work station. Do not breathe fumes, gas, mist, spray, vapors. Wear personal protective equipment. Avoid contact with skin and eyes.         Safe handling of the gas receptacle       : Securely chain cylinders when in use and protect against physical damage.         Hygiene measures       : Handle in accordance with good industrial hygiene and safety procedures. Do not eat, drink or smoke when using this product. Always wash hands after handling the product.         7.2. Conditions for safe storage, including any incompatibilities         Fechnical measures       : Comply with applicable regulations.         Storage conditions       : Protect from sunlight. Do not expose to temperatures exceeding 50 °C. Keep container closed when not in use.         ncompatible materials       : Refer to Section 10 on Incompatible Materials.	6.4. Reference to other sections

ncompatible materials : Refer to Section 10 on Incompatible Materials.	Technical measures	: Comply with applicable regulations.
	Storage conditions	
Storage area : Store in dry, cool, well-ventilated area.	Incompatible materials	: Refer to Section 10 on Incompatible Materials.
	Storage area	: Store in dry, cool, well-ventilated area.

**SECTION 8: Exposure controls/personal protection** 

#### 8.1. Control parameters

No additional information available

8.2. Exposure controls	
Appropriate engineering controls	: Ensure good ventilation of the work station. Emergency eye wash fountains and safety showers should be available in the immediate vicinity of any potential exposure. Systems under pressure should be regularily checked for leakage. Oxygen detectors should be used when asphyxiating gases may be released. Gas detectors should be used when toxic gases may be released.
Hand protection	: Protective gloves. 29 CFR 1910.138: Hand Protection.
Eye protection	: Chemical goggles or safety glasses. Face shield. 29 CFR 1910.133: Eye and Face Protection.
Skin and body protection	: Wear suitable protective clothing.
Respiratory protection	: In case of inadequate ventilation wear respiratory protection. 29 CFR 1910.134: Respiratory Protection.
Thermal hazard protection	: Cold insulating gloves.

SECTION 9: Physical and chemical p	properties
9.1. Information on basic physical and c	
Physical state	: Gas
Color	: No data available
Odor	: No data available
Odor threshold	: No data available
pH	: No data available
Melting point	: -49 °C
Freezing point	: No data available
Boiling point	: No data available
Flash point	: No data available
Relative evaporation rate (butyl acetate=1)	: No data available
Flammability (solid, gas)	: No data available
Explosion limits	: No data available
Explosive properties	: No data available
Oxidizing properties	: No data available
Vapor pressure	: No data available
Relative density	: No data available
Relative vapor density at 20 °C	: No data available
Molecular mass	: 124.058 g/mol
Solubility	: No data available
Log Pow	: No data available
Auto-ignition temperature	: No data available
Decomposition temperature	: No data available : No data available
Viscosity	: No data available
Viscosity, kinematic Viscosity, dynamic	: No data available
9.2. Other information No additional information available	
SECTION 10: Stability and reactivity	
10.1. Reactivity	
No additional information available	
10.2. Chemical stability	
The product is stable at normal handling and stor	age conditions.
10.3. Possibility of hazardous reactions	
No additional information available	
10.4. Conditions to avoid	
Protect from sunlight. Do not expose to temperat	ures exceeding 50 °C. Keep away from heat, sparks and flame.
10.5. Incompatible materials	
Alcohols. Alkali metals. Bases. Oxidizing agents.	Water.
10.6. Hazardous decomposition products	
Under normal conditions of storage and use, haz fire, see Section 5.	ardous decomposition products should not be produced. Hazardous decomposition products in case of
SECTION 11: Toxicological informati	ion

SECTI	SECTION 11: Toxicological information		
11.1.	Information on toxicological effects		

Acute toxicity	: Inhalation: Fatal if inhaled.		
Sulfuryl oxytetrafluoride (13709-54-1)			
ATE US (gases)	10.000 ppmV/4h		
08/24/2020	EN (English US)	SDS ID: M016206	4/7

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Sulfuryl oxytetrafluoride (13709-54-1)	
ATE US (vapors)	0.050 mg/l/4h
ATE US (dust, mist)	0.005 mg/l/4h
Skin corrosion/irritation	: Causes severe skin burns and eye damage.
Serious eye damage/irritation	: Causes serious eye damage.
Respiratory or skin sensitization	: Not classified
Germ cell mutagenicity	: Not classified
Carcinogenicity	: Not classified
Reproductive toxicity	: Not classified
Specific target organ toxicity (single exposure)	: May cause respiratory irritation.
Specific target organ toxicity (repeated exposure)	: Not classified
Aspiration hazard	: Not classified
Symptoms/injuries after inhalation	: May cause drowsiness or dizziness. Material is destructive to tissue of the mucuous membranes and upper respiratory tract. Cough, shortness of breath, headache, nausea.

SECTION 12: Ecological information
12.1. Toxicity
No additional information available
12.2. Persistence and degradability
No additional information available
12.3. Bioaccumulative potential
No additional information available
12.4. Mobility in soil
No additional information available
12.5. Other adverse effects
No additional information available

SECTION 13: Disposal considerations		
13.1. Waste treatment methods		
Waste treatment methods	: Remove to an authorized incinerator equipped with an afterburner and a flue gas scrubber.	
Waste disposal recommendations	: Dispose of contents/container in accordance with licensed collector's sorting instructions.	
Additional information	: Recycle the material as far as possible.	
SECTION 14: Transport informa	tion	

: G - Identifies PSN requiring a technical name

## Department of Transportation (DOT)

In accordance with DOT	
Transport document description	: UN1955 Compressed gas, toxic, n.o.s. Inhalation Hazard Zone C, 2.3

Safety Data Sheet

according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

DOT Special Provisions (49 CFR 172.102)	<ul> <li>3 - This material is poisonous by inhalation (see 171.8 of this subchapter) in Hazard Zone C (see 173.116(a) of this subchapter), and must be described as an inhalation hazard under the provisions of this subchapter.</li> <li>B14 - Each bulk packaging, except a tank car or a multi-unit-tank car tank, must be insulated with an insulating material so that the overall thermal conductance at 15.5 C (60 F) is no more than 1.5333 kilojoules per hour per square meter per degree Celsius (0.075 Btu per hour per square foot per degree Fahrenheit) temperature differential. Insulating materials must not promote corrosion to steel when wet.</li> </ul>
DOT Packaging Exceptions (49 CFR 173.xxx)	: None
DOT Quantity Limitations Passenger aircraft/rail (49 CFR 173.27)	: Forbidden
DOT Quantity Limitations Cargo aircraft only (49 CFR 175.75)	: Forbidden
DOT Vessel Stowage Location	: D - The material must be stowed "on deck only" on a cargo vessel and on a passenger vessel carrying a number of passengers limited to not more than the larger of 25 passengers or one passenger per each 3 m of overall vessel length, but the material is prohibited on passenger vessels in which the limiting number of passengers is exceeded.
DOT Vessel Stowage Other	: 40 - Stow "clear of living quarters"
Other information	: No supplementary information available.
TDG	
No additional information available	
Transport by sea	
UN-No. (IMDG)	: 1955
Proper Shipping Name (IMDG)	: COMPRESSED GAS, TOXIC, N.O.S.
Class (IMDG)	: 2 - Gases
Air transport	
UN-No. (IATA)	: 1955
Proper Shipping Name (IATA)	: Compressed gas, toxic, n.o.s.
Class (IATA)	: 2

### SECTION 15: Regulatory information 15.1. US Federal regulations

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory except for:

	Sulfuryl oxytetrafluoride	CAS No 13709-54-1	100%
--	---------------------------	-------------------	------

This product or mixture does not contain a toxic chemical or chemicals in excess of the applicable de minimis concentration as specified in 40 CFR §372.38(a) subject to the reporting requirements of section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 and 40 CFR Part 372.

#### 15.2. International regulations

CANADA

No additional information available

EU-Regulations No additional information available

#### **National regulations**

No additional information available

#### 15.3. US State regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer and/or reproductive harm

#### SECTION 16: Other information

Safety Data Sheet according to Federal Register / Vol. 77, No. 58 / Monday, March 26, 2012 / Rules and Regulations

Acute Tox. 1 (Inhalation)	Acute toxicity (inhalation) Category 1
Eye Dam. 1	Serious eye damage/eye irritation Category 1
Liquefied gas	Gases under pressure Liquefied gas
Simple Asphy	Simple Asphyxiant
Skin Corr. 1B	Skin corrosion/irritation Category 1B
STOT SE 3	Specific target organ toxicity (single exposure) Category 3
H280	Contains gas under pressure; may explode if heated
H314	Causes severe skin burns and eye damage
H318	Causes serious eye damage
H330	Fatal if inhaled
H335	May cause respiratory irritation
H380	May displace oxygen and cause rapid suffocation

	residual injury even though prompt medical attention was given.
NFPA fire hazard	: 0 - Materials that will not burn.
NFPA reactivity	: 1 - Normally stable, but can become unstable at elevated temperatures and pressures or may react with water with some release of energy, but not violently.
HMIS III Rating	
Health	: 3 Serious Hazard - Major injury likely unless prompt action is taken and medical treatment is given
Flammability	: 0 Minimal Hazard - Materials that will not burn
Physical	: 1 Slight Hazard - Materials that are normally stable but can become unstable (self-react) at high temperatures and pressures. Materials may react non-violently with water or undergo hazardous polymerization in the absence of inhibitors.
