## - Gas Cylinders used for SynQuest Products -

| Cylinder \# | DOT \# ${ }^{+}$ | Capacity, L | Size, inches. Height x Dia | Rating, psi | Material of construction | Valves |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| LPC01 | 4B-240 | 0.485 | $3 " \times 5$ " | 240 | Brazed carbon steel | Brass, 1/4" NPTM |
| LPC02 | 4B-240 | 0.90 | 3" $\times$ 9" | 240 | Brazed carbon steel | Brass, 1/4" NPTM |
| LPC04 | 4B-300 | 2.40 | 4" $\times 12$ " | 300 | Brazed carbon steel | Brass, $1 / 4$ " NPTM |
| HPC05 | 3E-1800 | 0.418 | 2" $\times 12$ " | 1800 | Carbon steel | $\begin{gathered} \text { Brass CGA110 } \\ \text { or CGA350 } \end{gathered}$ |
| HPC06 | 3E-1800 | 3.60 | 5" $\times 13 "$ | 1800 | Carbon steel | Brass CGA350 or SS CGA660 |
| HPC07* | 3E-1800 | 8.01 | 7" x 17.4" | 1800 | Carbon steel | Brass CGA350 or SS CGA660 |
| HPC08* | 3E-1800 | 10.98 | 7" x 22.6" | 1800 | Carbon steel | $\begin{aligned} & \hline \text { Brass CGA350 } \\ & \text { or SS CGA660 } \end{aligned}$ |
| SSC01 | 3E-500 | 0.15 | 2" x 4.88" | 500 | SS 304 | SS 1/4" NPTM |
| SSC02* | 3E-500 | 0.30 | 2" $\times 8.62$ " | 500 | SS 304 | SS 1/4" NPTM |
| SSC03 | 3E-500 | 0.50 | 2" x 13.6" | 500 | SS 304 | SS 1/4" NPTM |

* Not shown in photograph. + For full cylinder specifications, see 49CFR.

The above table is intended to help purchasers know what to expect when gaseous products are ordered from SynQuest. The DOT type of cylinder is defined with each product in the catalog, but the size of cylinder depends on the filling density for each material. The safe handling of gases requires a great deal of care and understanding. When it comes to gases, our maxim is "if in doubt, don't!"; we will be pleased to discuss your questions to help keep you and your staff safe.
